The Individual is the life and spirit of the school. The Individual . . . studies English . . . plays football . . . endures frosh activities . . . reads the Tally . . . cheers the Tigers . . . buys chips at the vending machines . . . dances to the beat of some rock band . . . saunters around the halls on any given noon . . . runs for the Students' Council . . . shows paintings in the Unrecognized Artists Exhibition . . . sponsors the provincial debating championships . . . writes and acts in his own play . . . stuffs envelopes for the Easter Seal campaign . . . hosts exchange students from Quebec . . . takes a trip to Europe . . . teaches school . . . keeps the whole operation functioning smoothly.

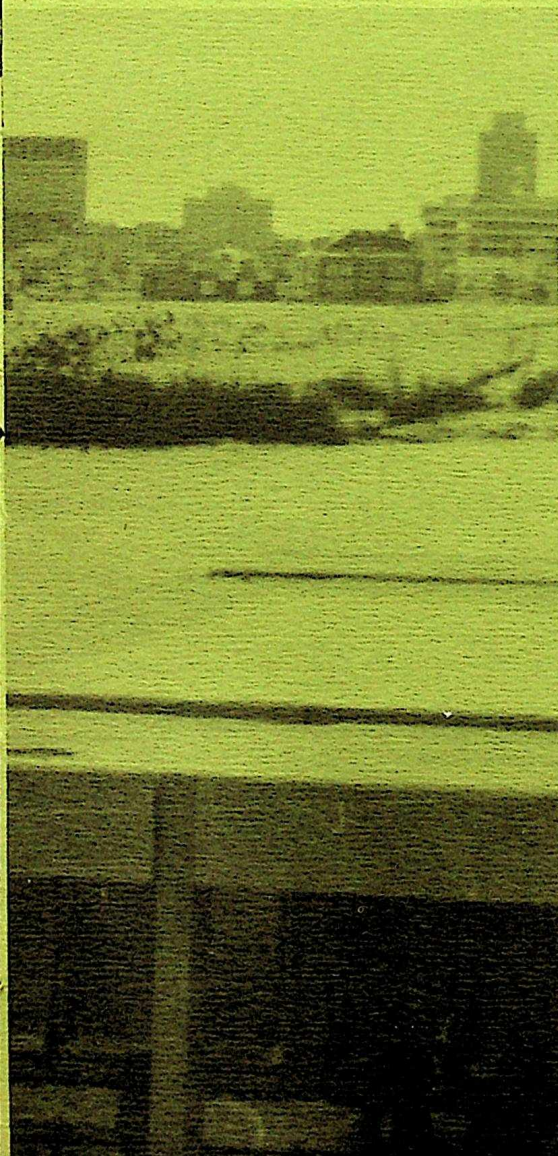

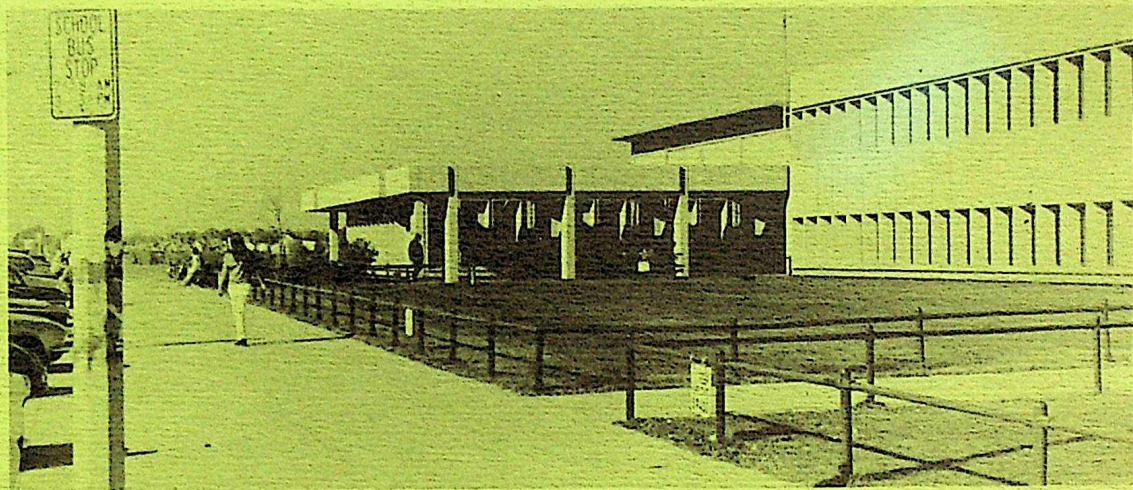

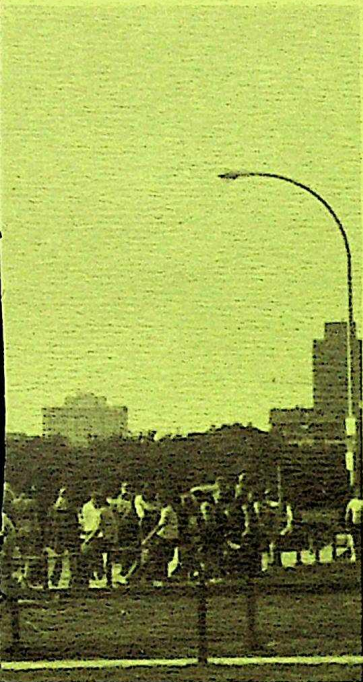

In short . . . the individual is the *raison d'être* for McNally, for without him we cease to exist. And though sometimes the individual may get lost . . . in the jungle of educational activities, in the concrete labyrinth, and amidst the human forest . . . he, the Individual, is still the heart and soul of McNally.

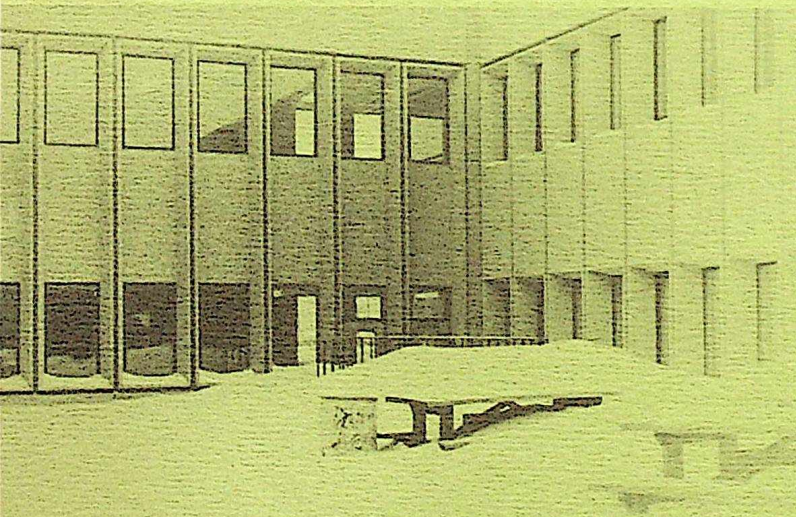

Of necessity, the photographic compliments in this publication pay tribute to and focus on individuals . . . in the typical and extraordinary . . . in the mundane and the glamorous . . . alone and in groups . . . serious and frivolous . . .

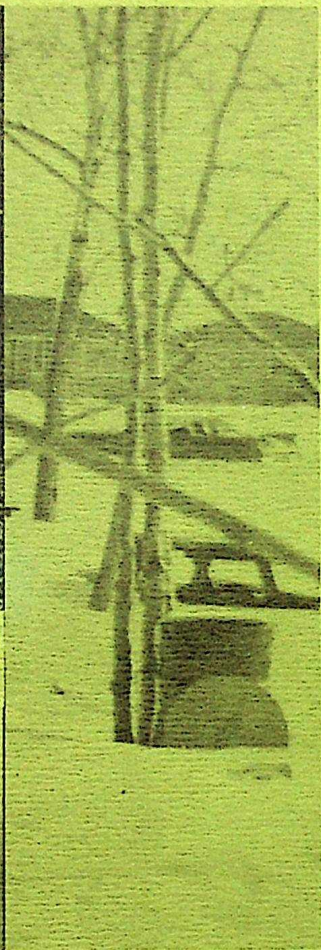

Familiar to students and visitors
is the impressive ski-line looming
across the North Saskatchewan . . .
It dominates the physical setting
and is to our school what the mulling
masses are to the individual spirit . . .

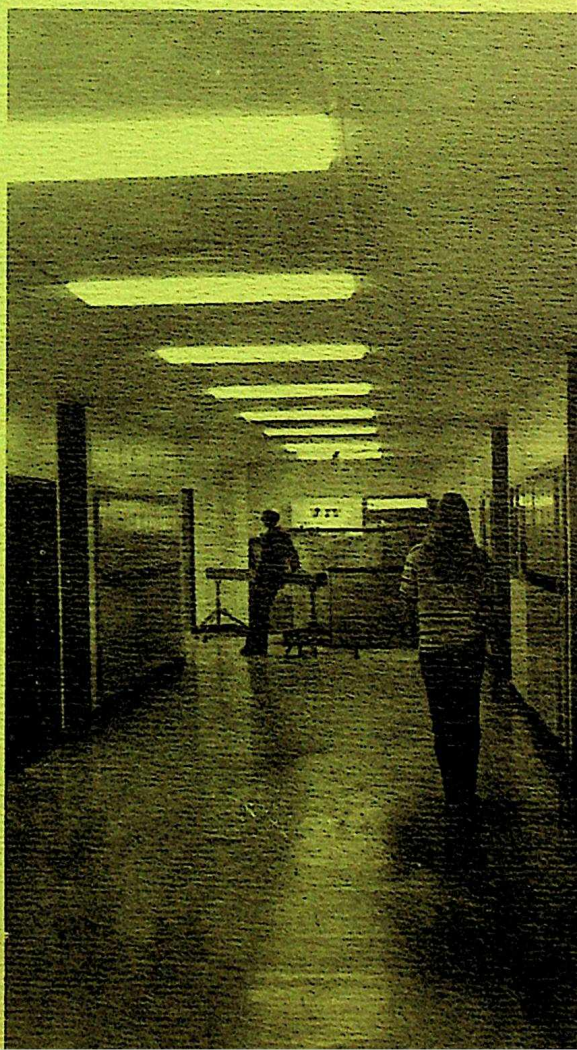

The solitude and quietness . . .
the emptiness . . .
the fullness . . . it's all
part of the
mould which shapes and intensifies
the individual's
experience.

Alone . . .
coping with
oneself and a
puzzling
existence.

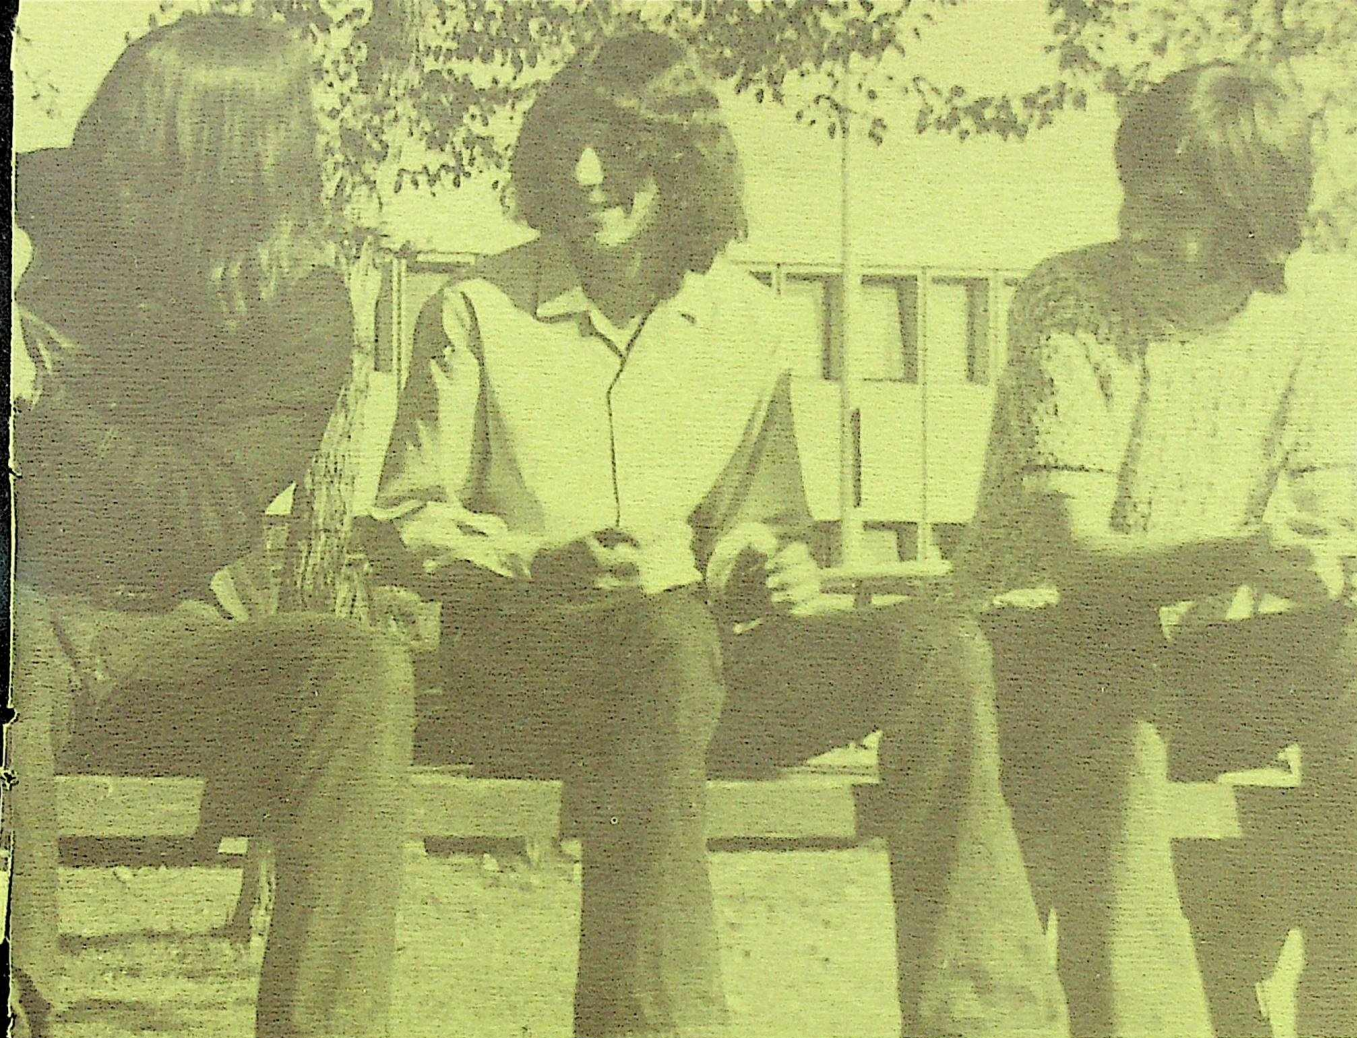

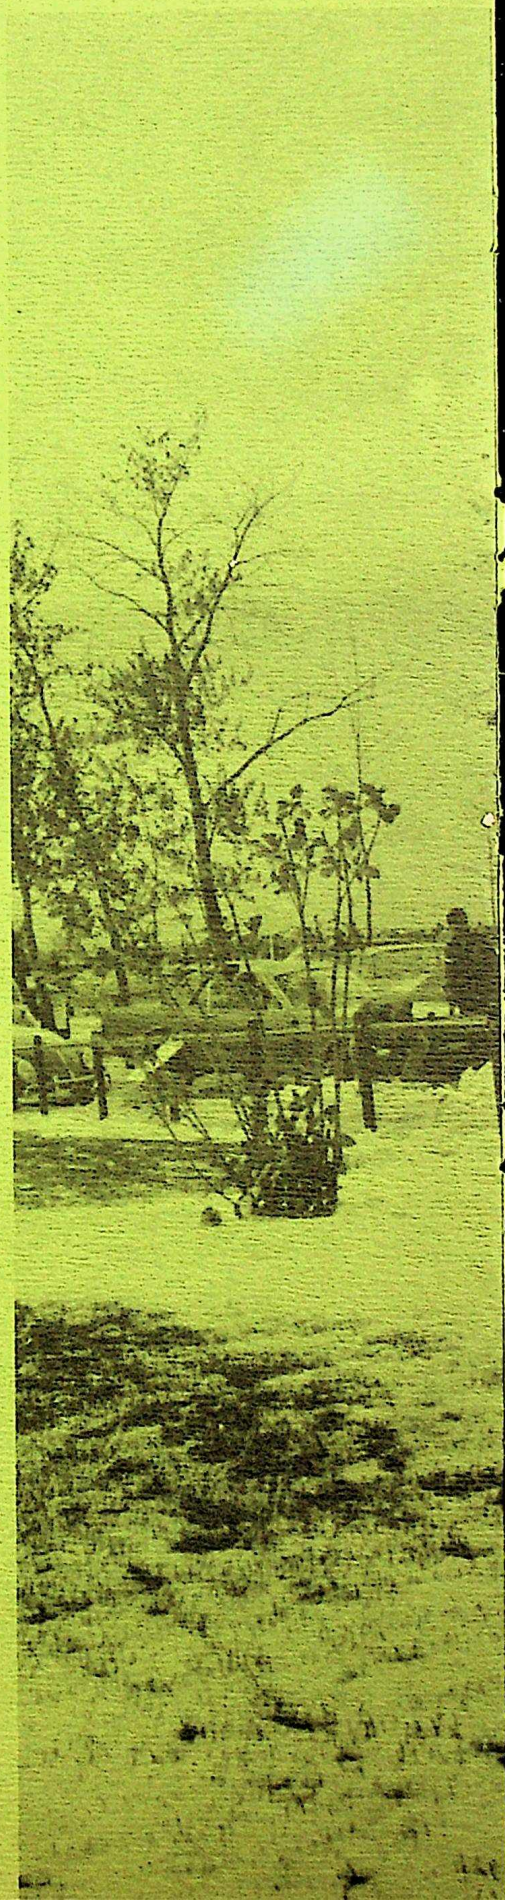

Sometimes it helps to share . . .
to dialogue . . .
to confide . . .

The circle widens and individuals
find themselves a part of the
group . . . and the group in-
fluences . . . extends and gives
meaning to personal goals and
values . . .

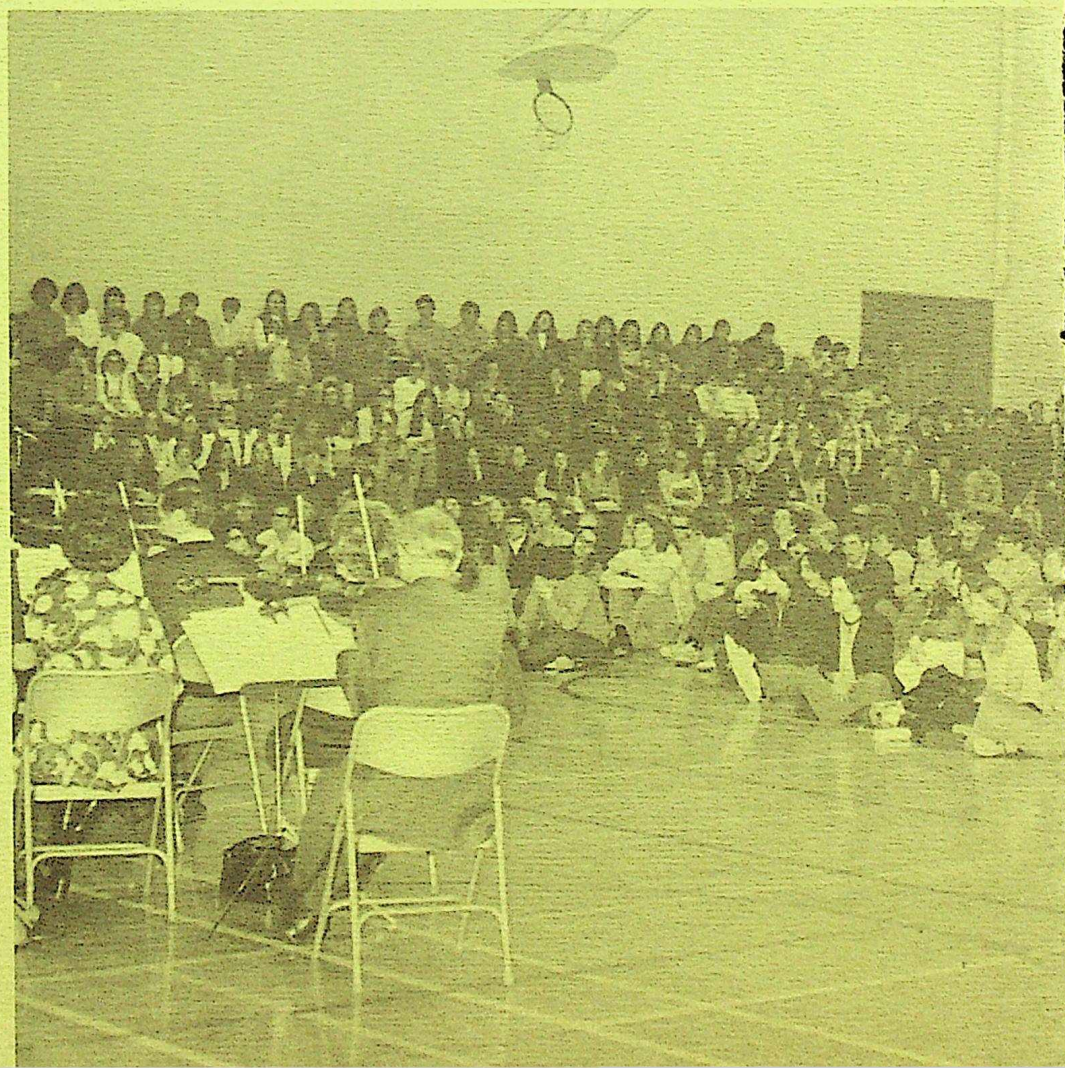

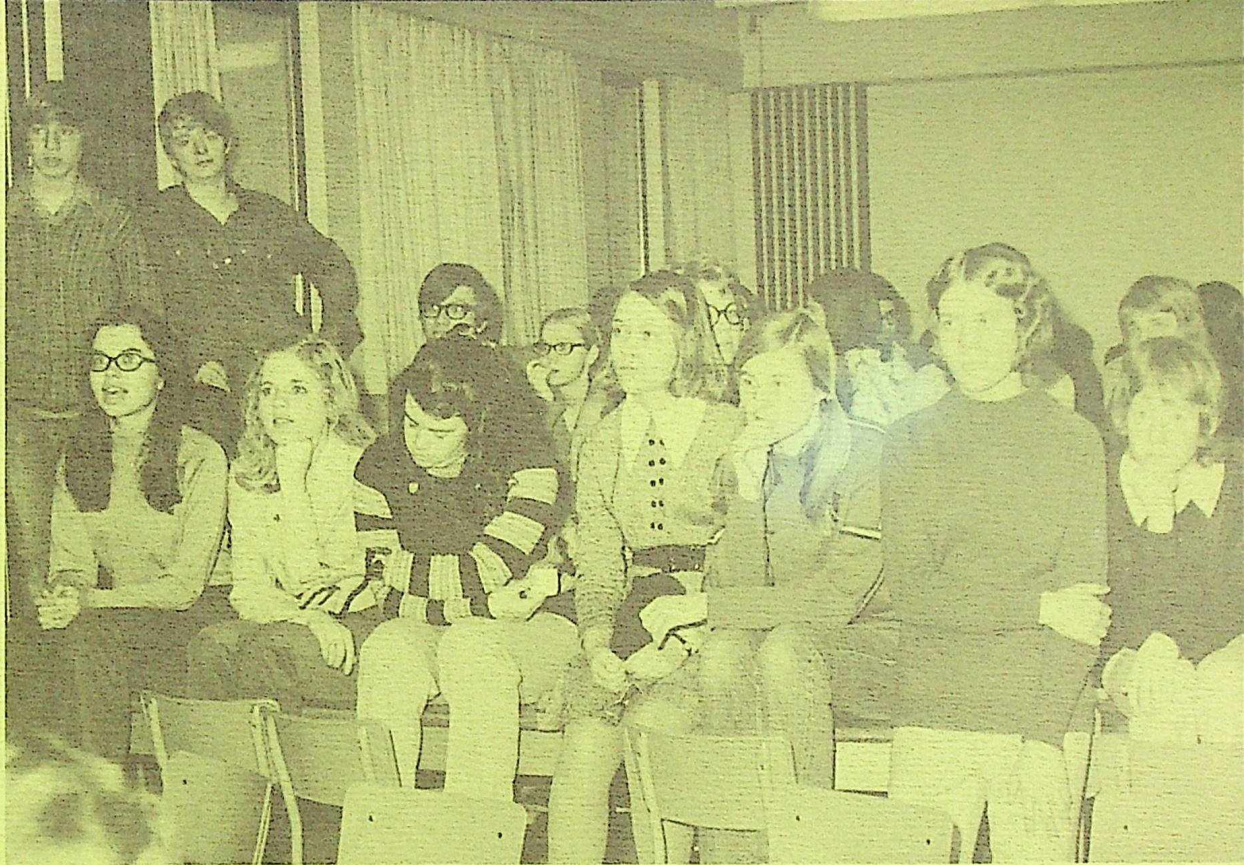

but in the final analysis the
group fades away and it's just
one person striving . . . searching
. . . plodding.

Individual . . .
in class . . .
and en masse . . .

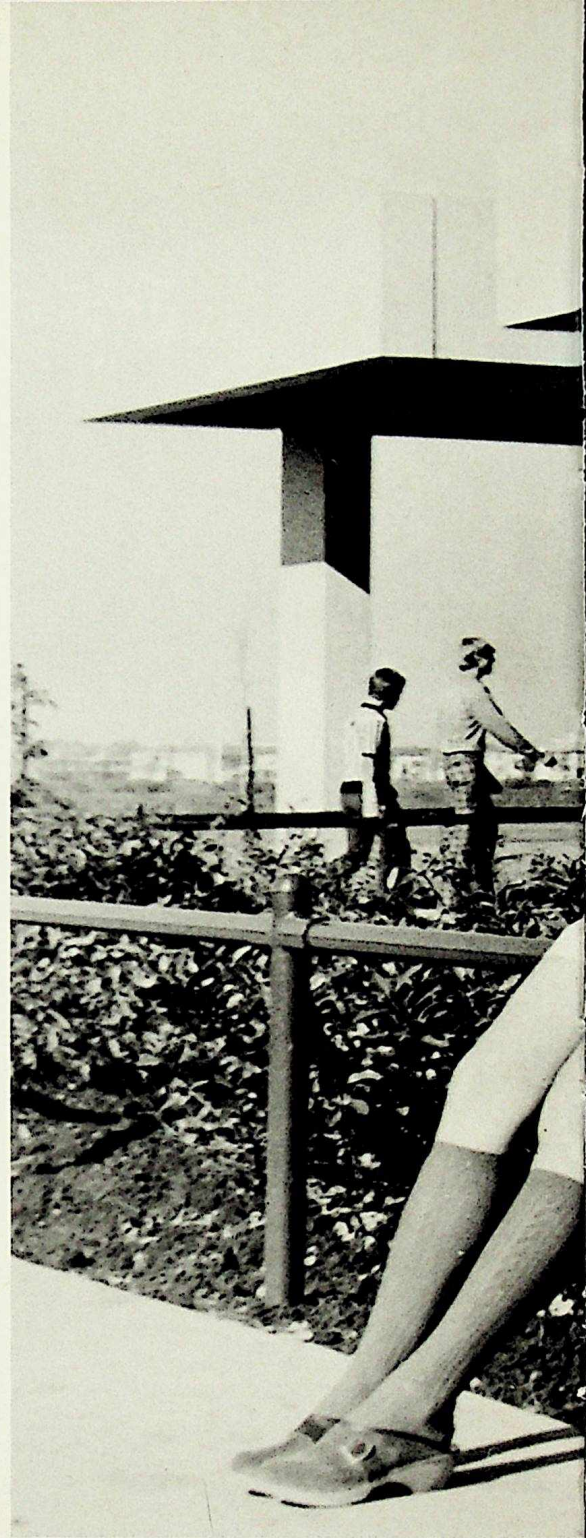

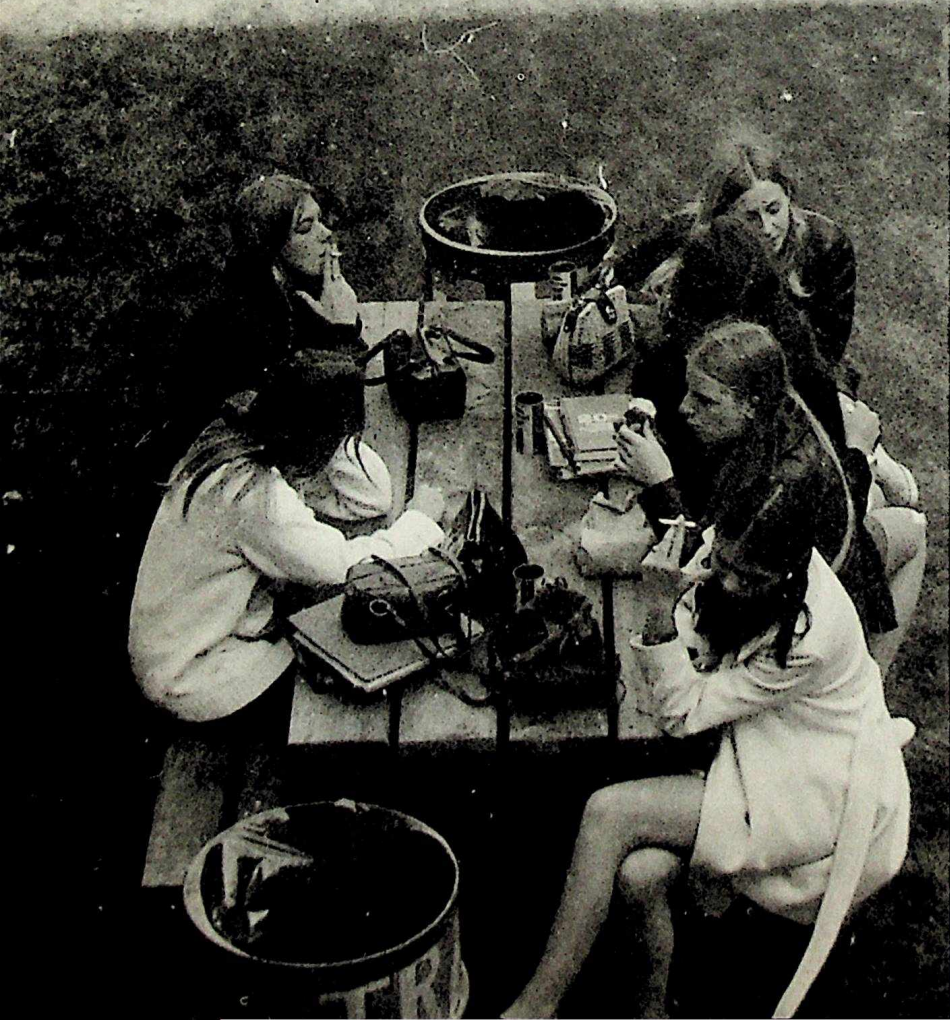

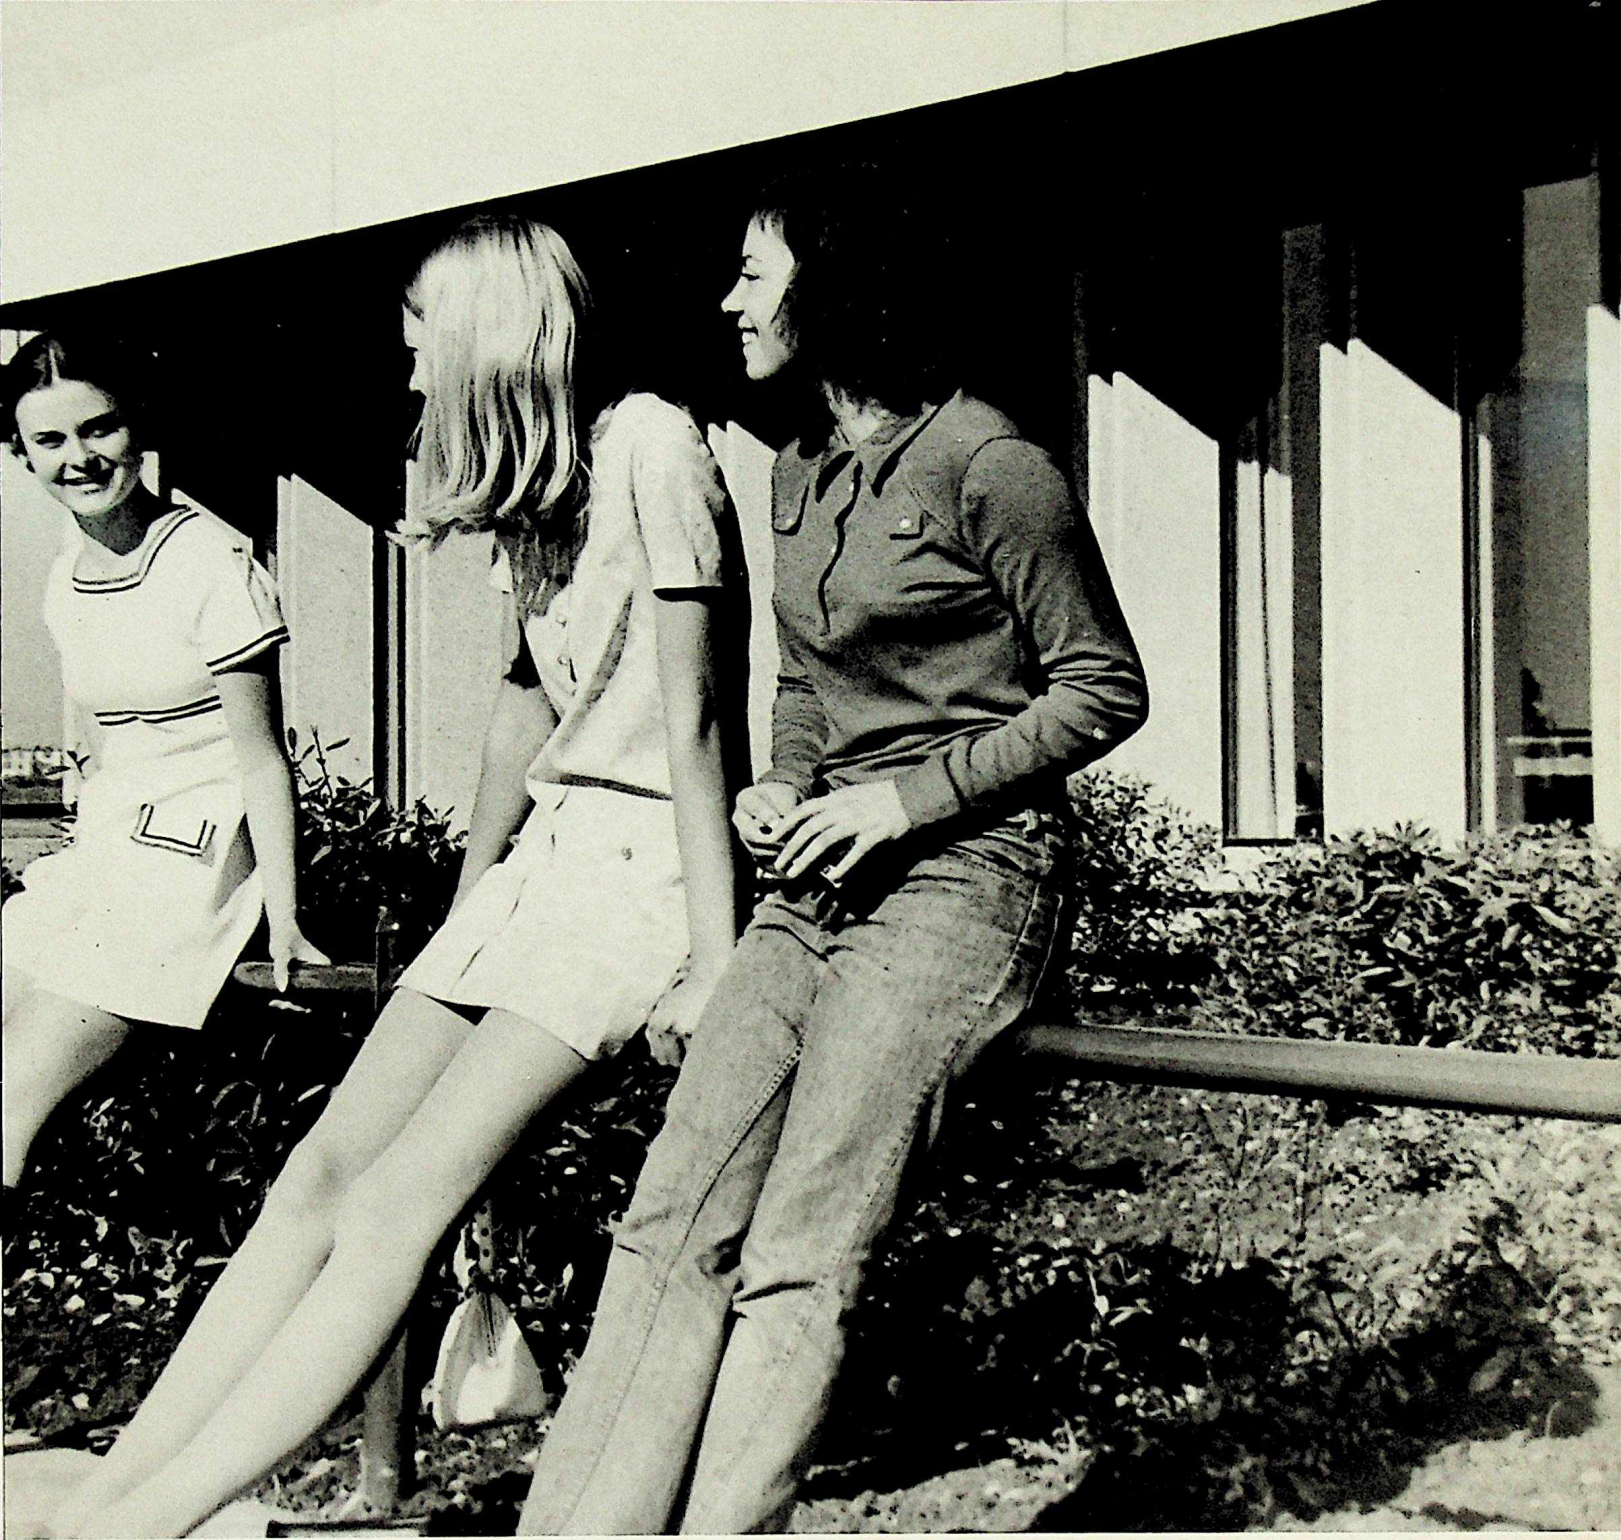

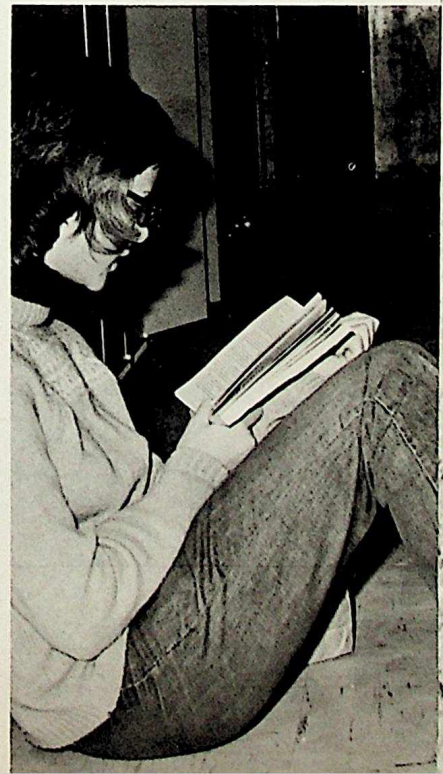

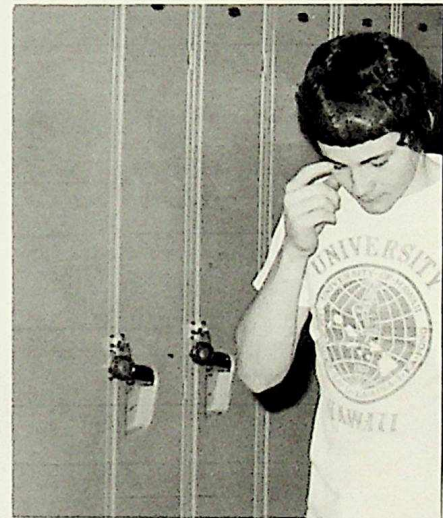

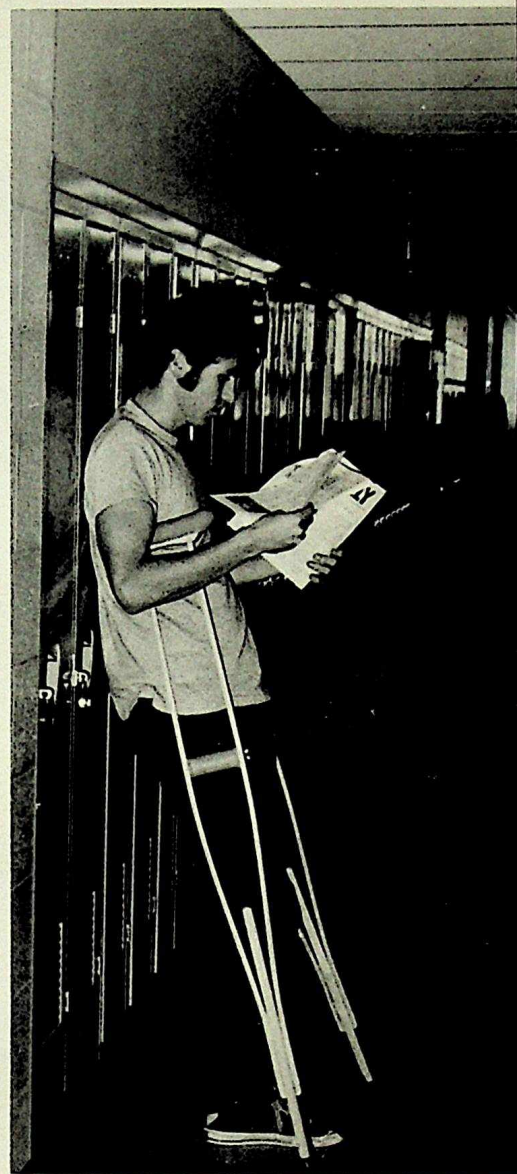

“The agony of making a choice . . .
even in the menial moments . . .
symbolizes the confrontation one
faces in the educational endeavor.

'The name of the game is MORE . . .
more of the same —
scheming, eating, reading, helping,
talking, coming, going —
it's all part of
the self-realization game.

Not all educational activities

 education outing to
 Lake Wabamun.

McNALLY HITS THE HEADLINES

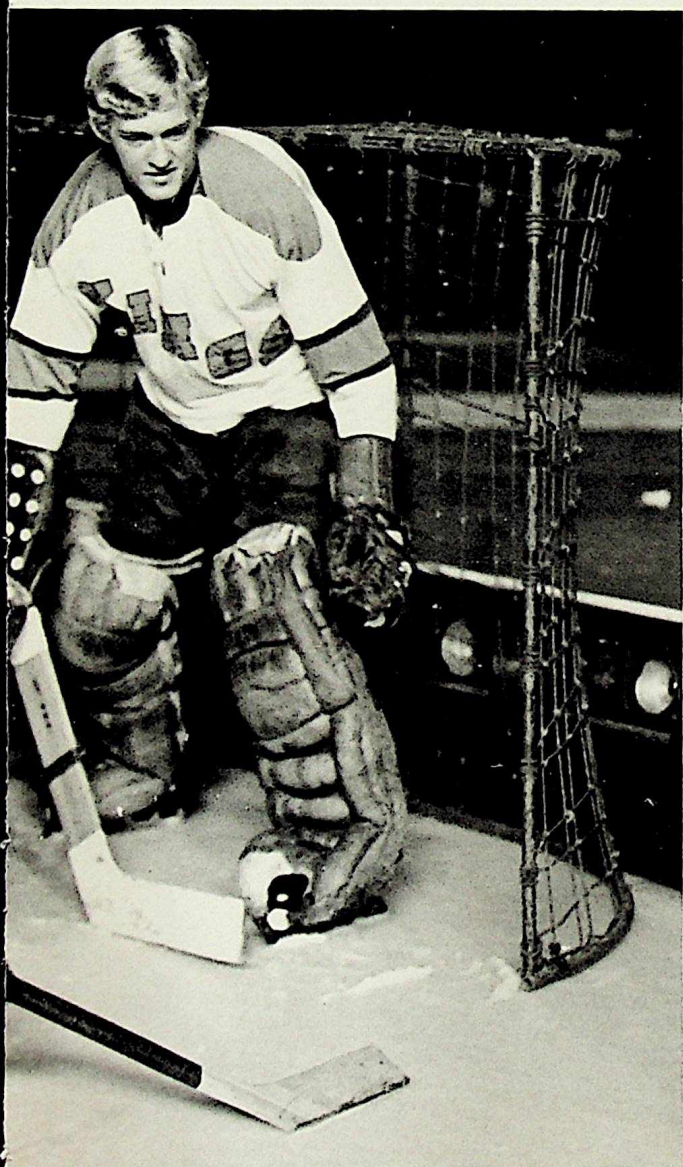

Although McNally is not a large school, its student body and faculty include a number of individuals known for outstanding achievements in a variety of fields . . . Very frequently these achievements reach the pages of the **Edmonton Journal**.

Pictured here are only a few of the individuals who appeared on the Journal's pages exactly as illustrated.

. . . Jack Cummings — first string goalkeeper for the Edmonton Oil Kings, divisional winners — Kibitzes with a bear from the Moscow Circus. Jack, and Doug Bentley, a McNally alumnus, contributed much to the Oil Kings success this year.

. . . To the far right are Bill and Carol Rogerson, who both won Governor General's gold medals for highest marks in grade nine in their respective years . . .

More honors came to McNally athletes . . . Don Ovelson won the Northern Alberta closed Junior Golf Championships setting a course record of 67 for eighteen holes. Second in the same tournament was defending champion, club-mate and McNally student, Jan Willey.

Brenda Walsh (opposite page), McNally Alumna, was the perennial winner in the city and provincial track meets while she attended McNally for three years. She won the 400 meter sprint in both the Canadian juvenile and Canadian open championships and is a member of the Olympic Track Club. Belated recognition is given to her this year.

Not pictured here but successful in their endeavors were . . .

Richard Grady, who competed in international ski-jump competition placing fourth in Revelstoke and third in Banff. He won the Du Maurier Trophy in Edmonton for the longest standing jump.

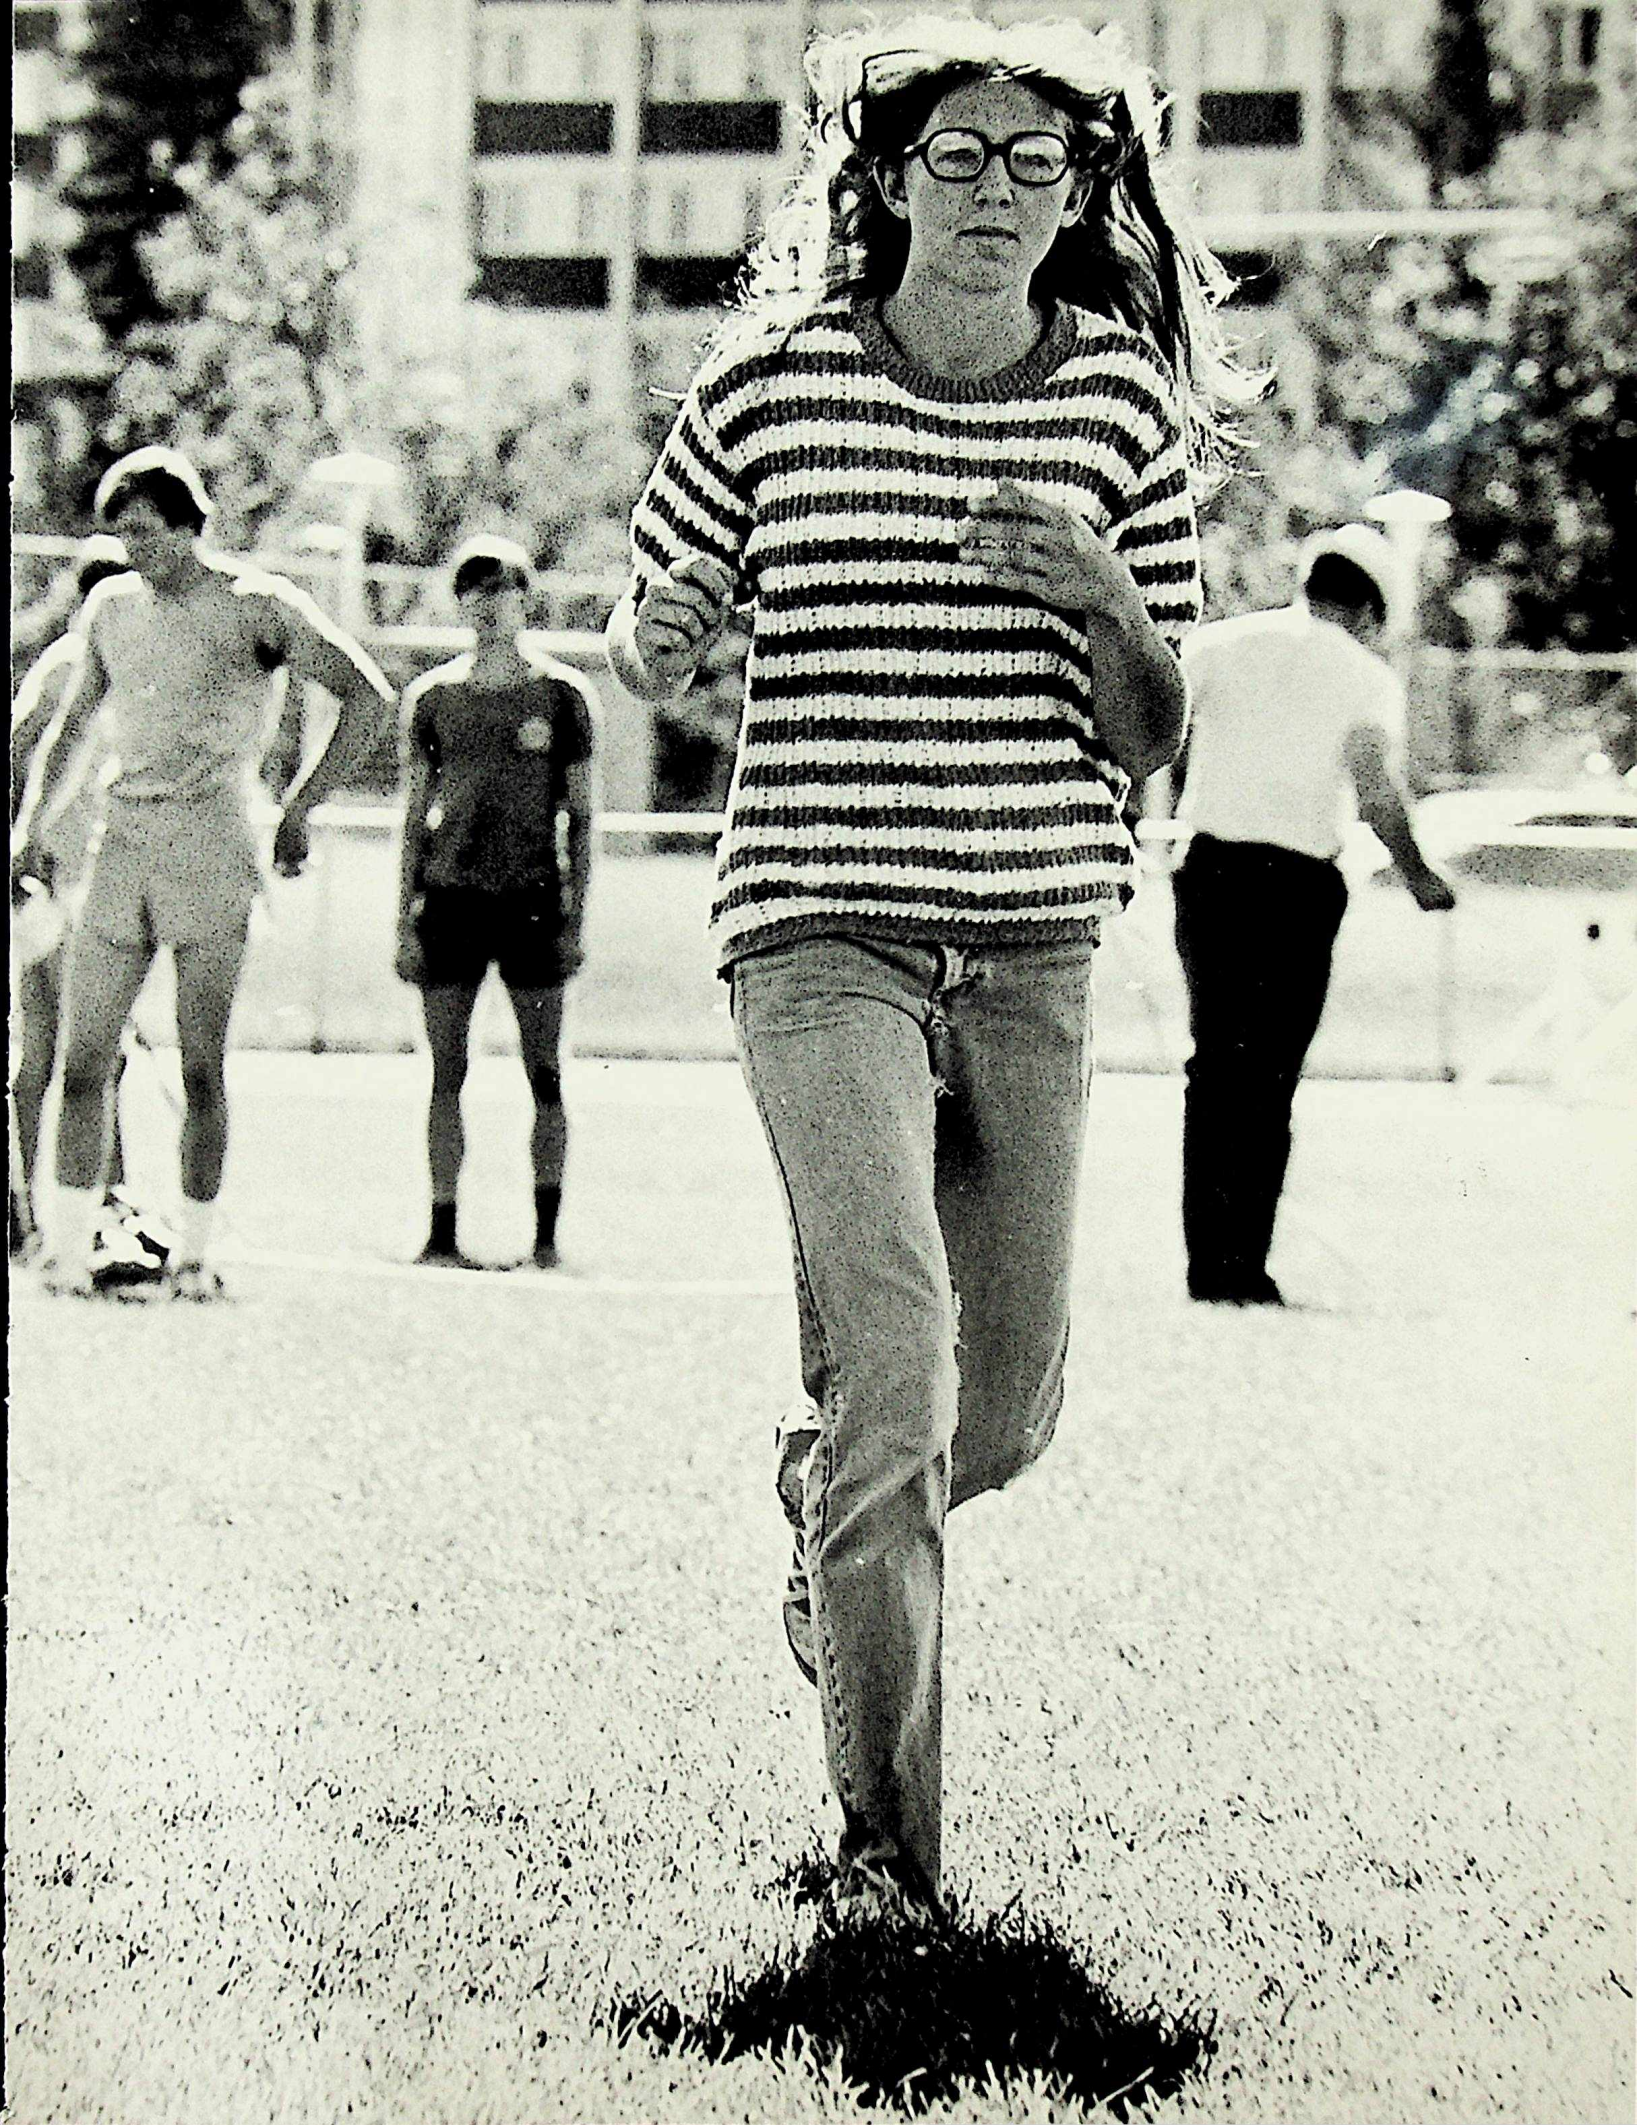

Pat Bailey, gymnast, won the Edmonton city gold medal for the all-around novice championship.

Staff members, Mr. Dennis Johnston and Mr. Doug Krenz were members of Edmonton Phoenix volleyball team which won the provincial championships and placed third in the Canadian play-offs in Quebec City.

Mrs. Hope Eurchuk, coach of four all-city gymnastic championships, reached the pages of the *Journal* frequently.

Space limits the reference to more individuals, but the TREND salutes them all anyway.

CHEERLEADERS

A note from the Senior Cheerleaders:

Tiger is the name
cheering is our game . . .
pep rallies and fans and
of course our great Tigers
brought McNally up to
second place in football . . .
yes we changed our style
a bit but we were still
cheering for the best
team around and everything
we had went into
our cheerleading

. . . . as U.C.F. hostesses
for Expo Edmonton we
went on T.V. and
in the Journal . . . chalk
one up for McNally
. . . . we may not have
made it to C.A.H.P.E.R. this
year but the trip
to Red Deer was
very successful for all
. . . . three trophies
were returned to the
school — junior boys
all round, senior boys
consolation, and the
cheerleading trophy

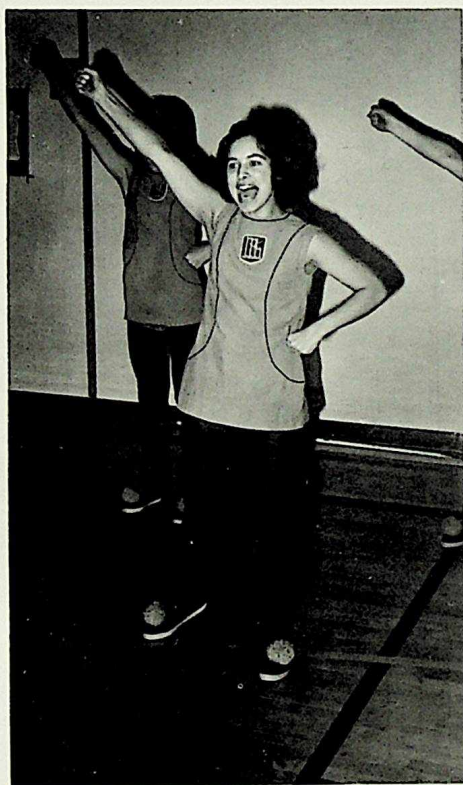

. . . . Our parties being
very spirited affairs always
brought us closer together
. . . . it will be a sad
day on the last day
of school when seven
of us will have to leave
. . . . we're hoping that
everyone will give the
new squad their fullest
support
. . . . up and at 'em Tigers

FACULTY

Individualism is a way of life for many of the faculty members . . . and they can be found relaxing and enjoying themselves frequently.

Counterclockwise from above: Mr. Toplensky, Mr. Murphy and Mr. Kostash chatting; Miss Piche pondering; Mr. Goodwin making music with the roller; Mr. Parker telling what it's all about.

Clockwise from above: Mrs. Smyth, the congenial switchboard operator; Mr. Johnson and Miss Braun discussing the arts; Miss Fisher and Mrs. Johnston playing themselves; Mr. Eliuk working feverishly.

PRINCIPAL'S REFLECTIONS '71

Overcrowding seems to be the keynote of the year. People in every corner of the school seem to ooze out of the walls, ceiling, and floors.

Overflowing classrooms, lunchrooms, cafeteria, parking areas, library, hallways, dances, buses, smoking area — both students and teachers bear up well under the stress and strain of one of our longest winters. Nevertheless we lost our head caretaker, Mr. Shillington.

Student Union was active in things other than social activities, a refreshing change and a tribute to the leadership of people like Don Morris, Alex Kinasewich, Linda Hunka, Terry Smith and others.

Some progress was made on: opening the courtyard for use as an outdoor student lounge, installing vending machines in the hallway and cafeteria, holding council meetings during class time, assigning the Conference Room for student use, revising school dance policies. A good many more suggestions for improving student facilities have been made, the main one concerning an indoor student lounge.

Crises have come and gone! Caretakers' strike was exciting at first but soon settled down to a process of drab attrition; depressing for teachers — and students.

McNally came within a cat's whisker of challenging the colossi to the west for the Football Championship. Hopes ran high until the last game. Student unrest was prevalent right after the new year concerning, of all things, "loitering". (Perhaps students do value an open climate very highly.)

Exams have been administered; reports have been issued; attendance letters have been sent home in great numbers; students have been counselled; Semester 1 has been completed; football, basketball, volleyball have all come and gone; a long, long winter has been endured; and with Easter here the year will soon be over; all too soon. What would one do differently if he could do it over again?

Rod Kostek, Darwin Sturko, Colin Bowick (Quarterback) and Jerry Hurley (Captain, Flanker and Defensive Half) were all noted for their leadership. Nelson Zaleski (Field Goal Kicker) was the top scorer of the team with 32 points — 8 field goals and 8 converts. This was a great achievement for Nelson as he was injured for a great portion of the season.

During the season the McNally Tigers were invited to an invitational tournament in Red Deer, and walked away with first place.

The top three scorers during the season were R. Therow, B. Oleschuk, and M. Scambler.

Though few wins were registered at the beginning of the season, the juniors finished as consolation finalists. We are proud to have the city's top junior scorer, Judy Chorney, on our team.

JUNIOR GIRLS' VOLLEYBALL TEAM

This season the girls participated in the Southside league and compiled a record of 18 wins and 6 losses. In playoffs they were defeated by the two finalists, Jasper place and Ross Sheppard.

McNally can be proud of this team who displayed both excellent ability and sportsmanship throughout a very successful season.

McNALLY SWIM CLUB

McNally had the smallest swim club of any school entered in the swimming competitions. This is perhaps because McNally does not have a pool, and practices can be held for only two hours per week at Bonnie Doon pool. The club consisted of approximately ten members — varying in personnel from one meet to the next. Under the able coaching of Ian Petersen, McNally did considerably well in the final championships meet held at Coronation Pool. McNally increased its total points earned from 82 last year to 224 points this year. There was one second place ribbon earned by Frank Allore, two thirds earned by Joan Lymburner and Carol Love, two fourths earned by Jan Robertson, and Shirley Weeks, and one fifth earned by Jan Robertson, four sixths earned by Joan Lymburner, Janice Villett, Shirley Weeks, and All Palynchuk.

McNally combined with Austin O'Brien to form a curling league that provided fun and new friends and demanded excellence and skill. The victorious rink (below) was comprised of Sid Shier, Richard Mellor, Mitch Dittberner, and Brian Forst (missing).

BADMINTON CLUB TEAM PICTURE

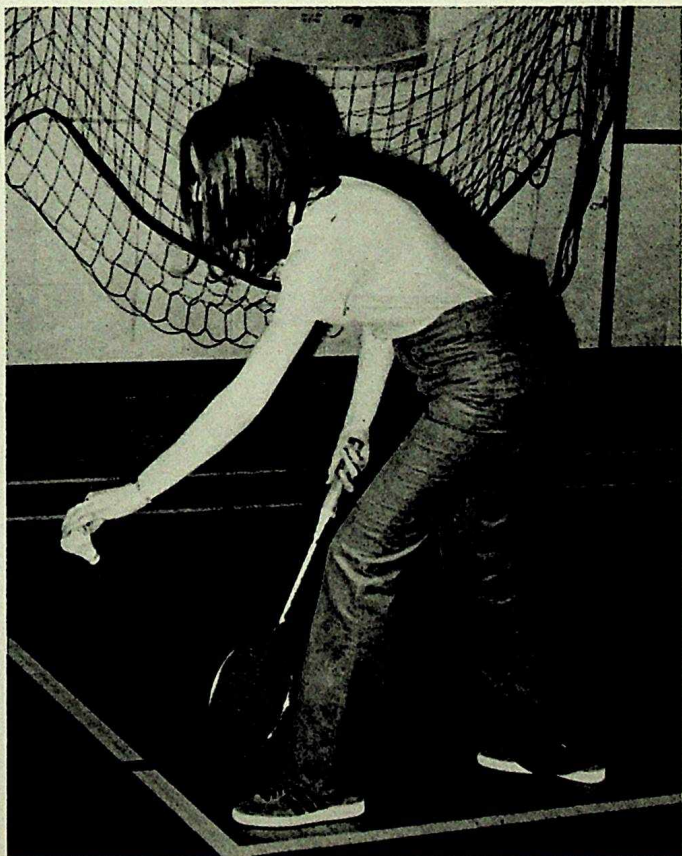

Left to Right: Front Row: Brian Frost, Lynn Davies, June Mullins, Doug Shell.

McNally BADMINTON TEAM

The McNally Badminton team finished the regular season with 30 wins and 10 losses, which meant first place in Division No. 2.

Several members of the team are trying out for the Provincial Finals, that will take place in Red Deer later this semester.

ACADEMICS

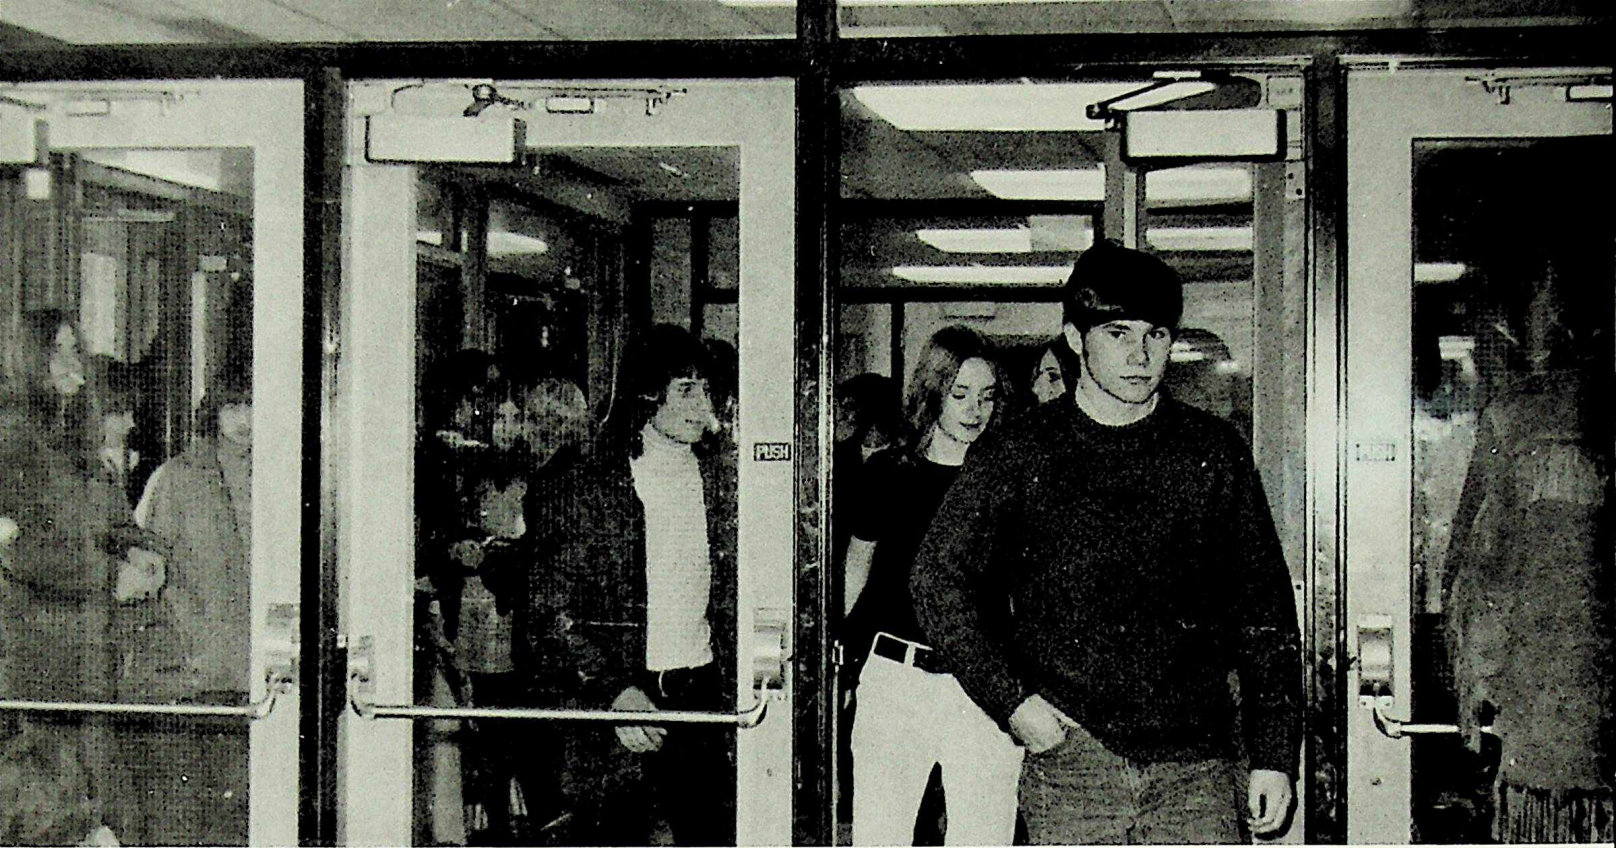

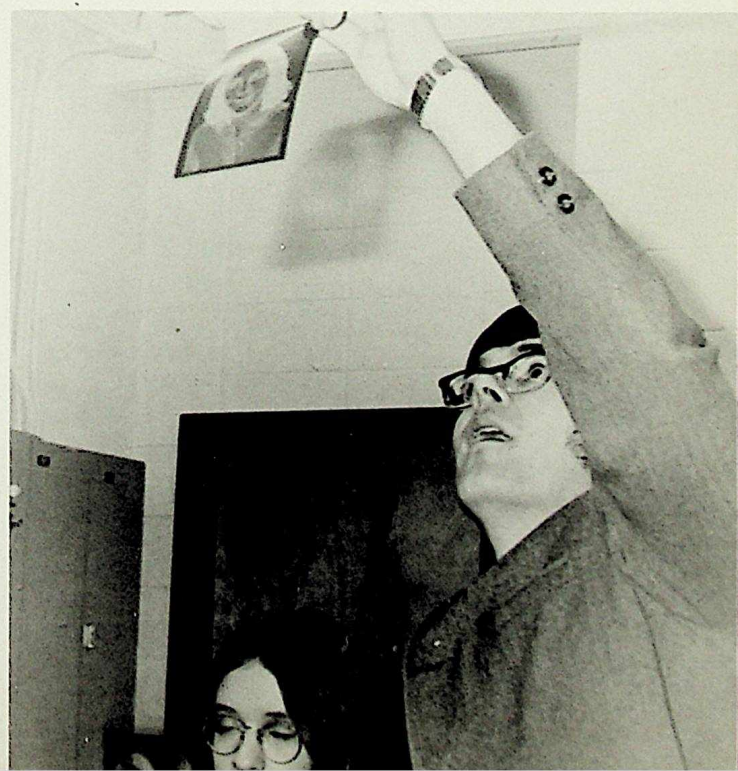

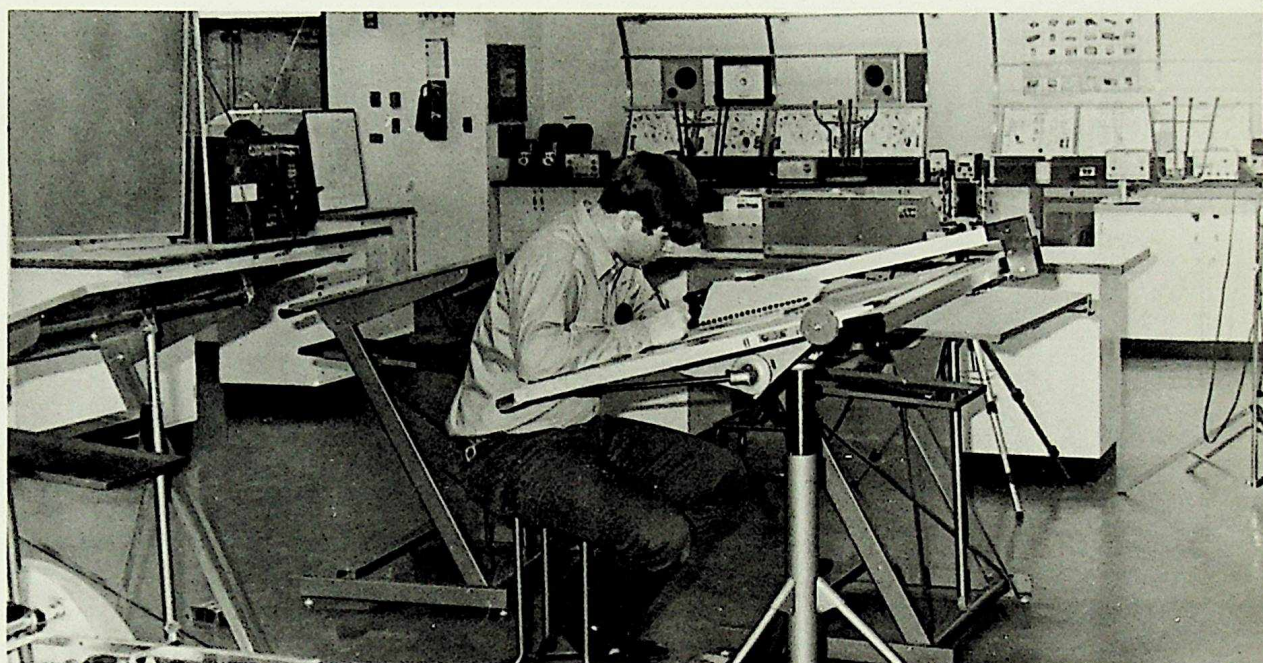

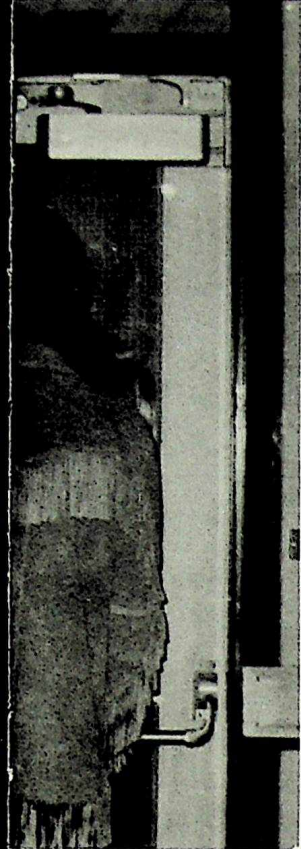

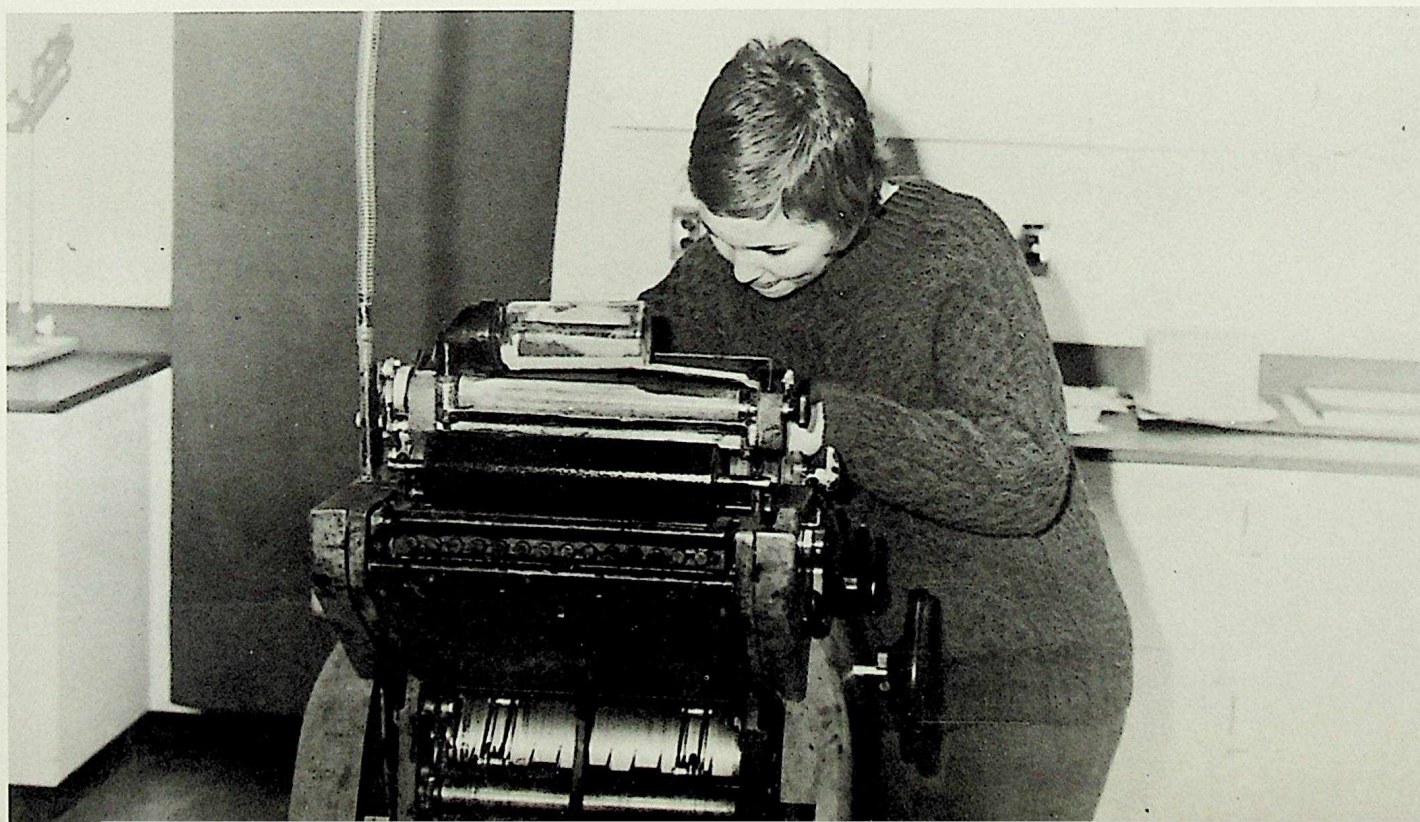

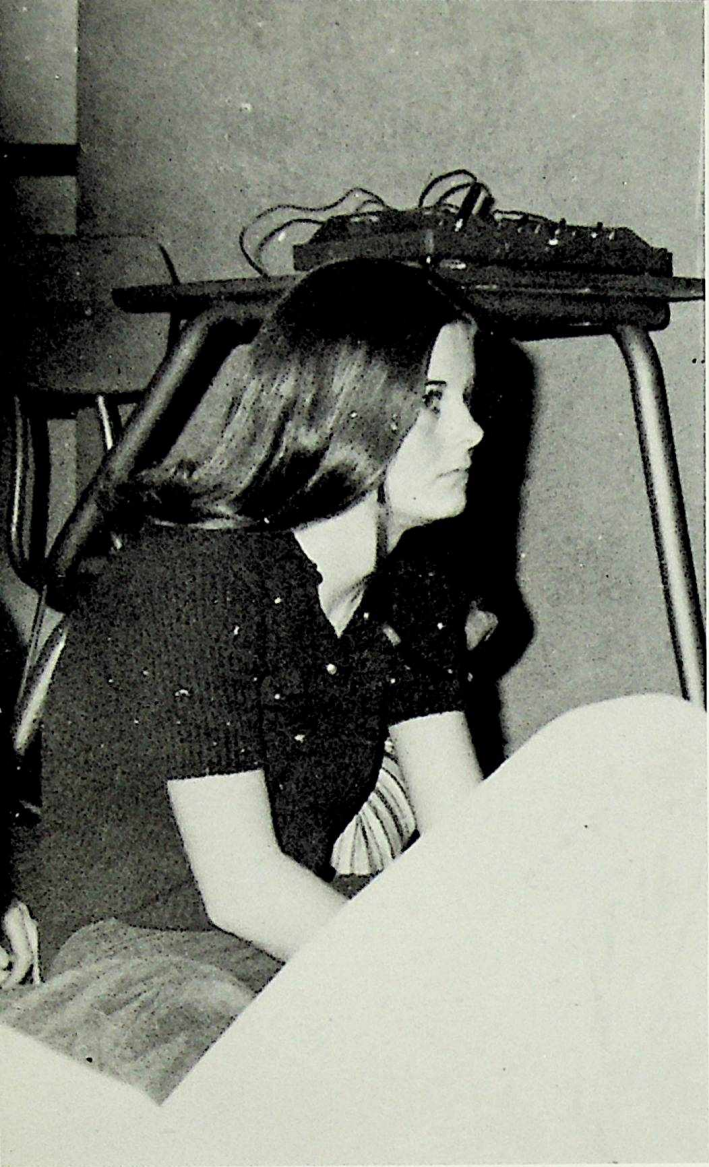

The casual observer might think that fun
and games are all that count around
McNally. . . But any student will tell you that
the academic routine is both demanding
and time consuming . . .
As everyone knows, hard work varies little
from one day to the next, and in every
classroom it's pretty much the same.
Nevertheless there are many opportunities
for the individual to excel and express himself.
Some of the ways can be seen
on these pages.

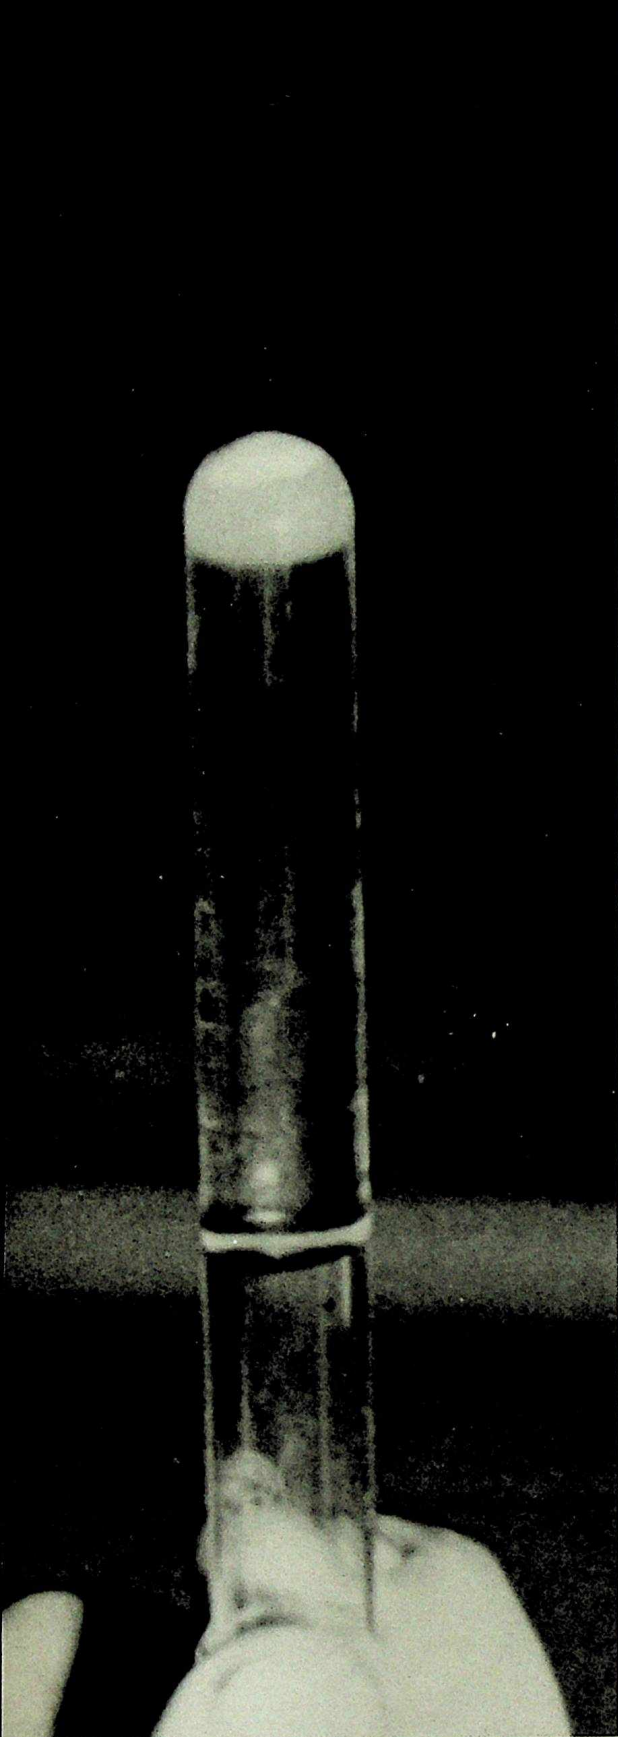

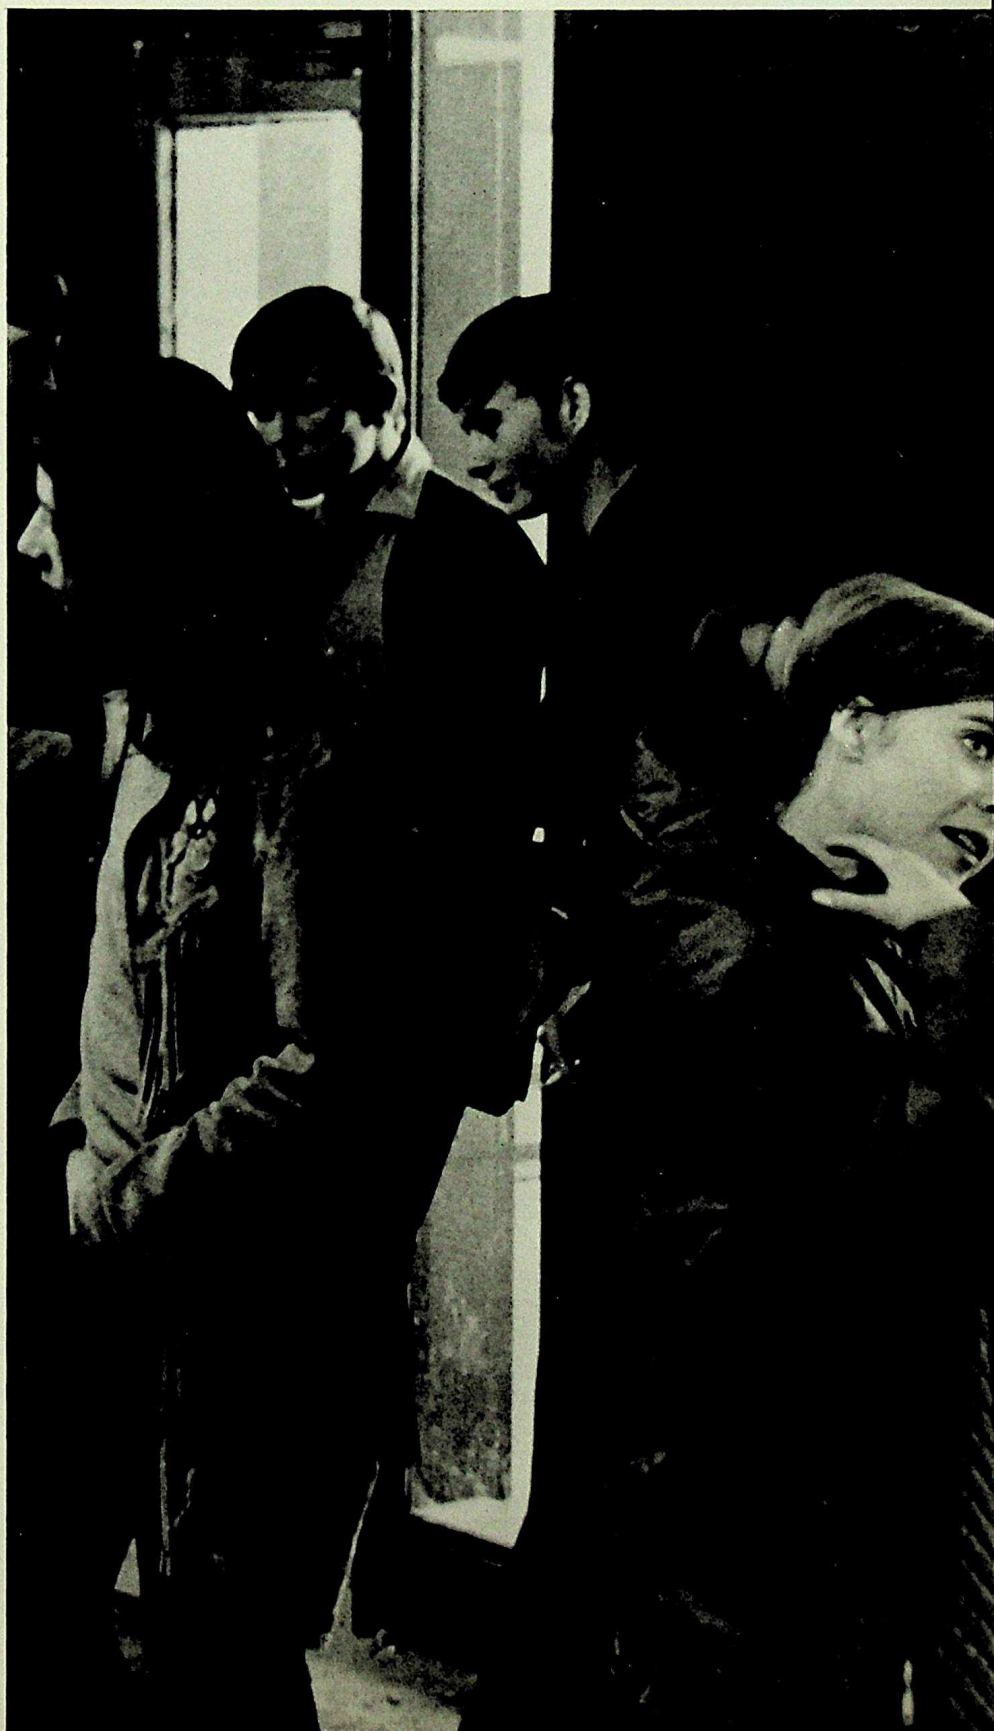

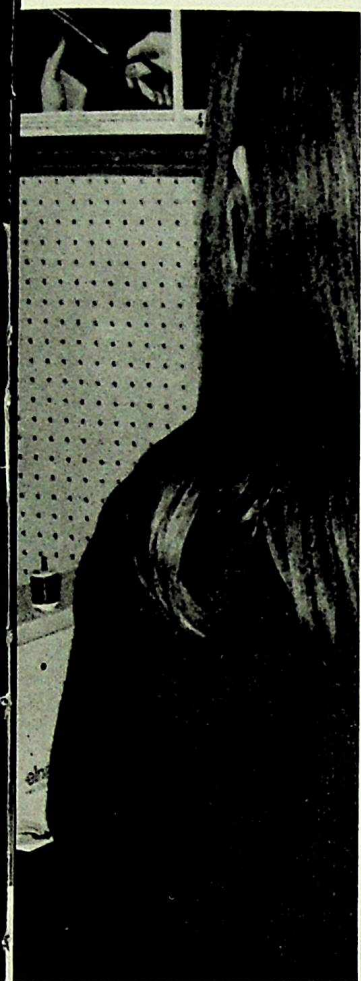

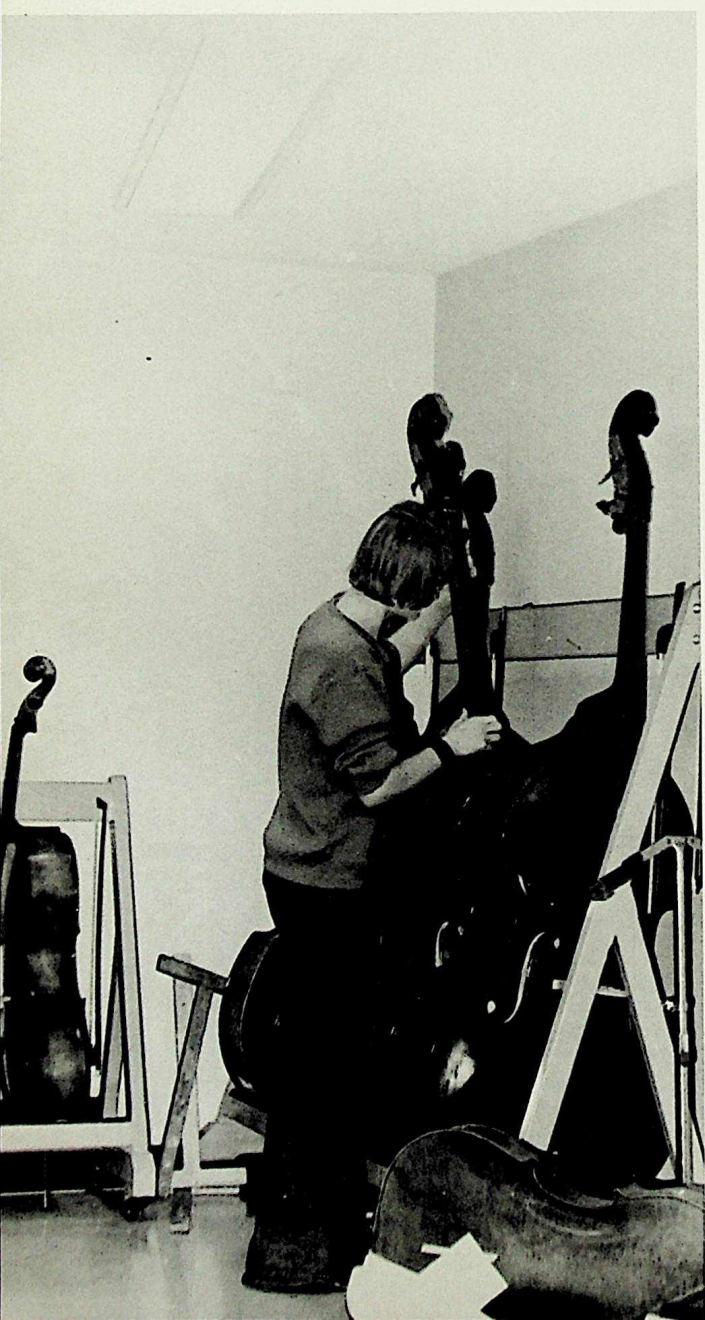

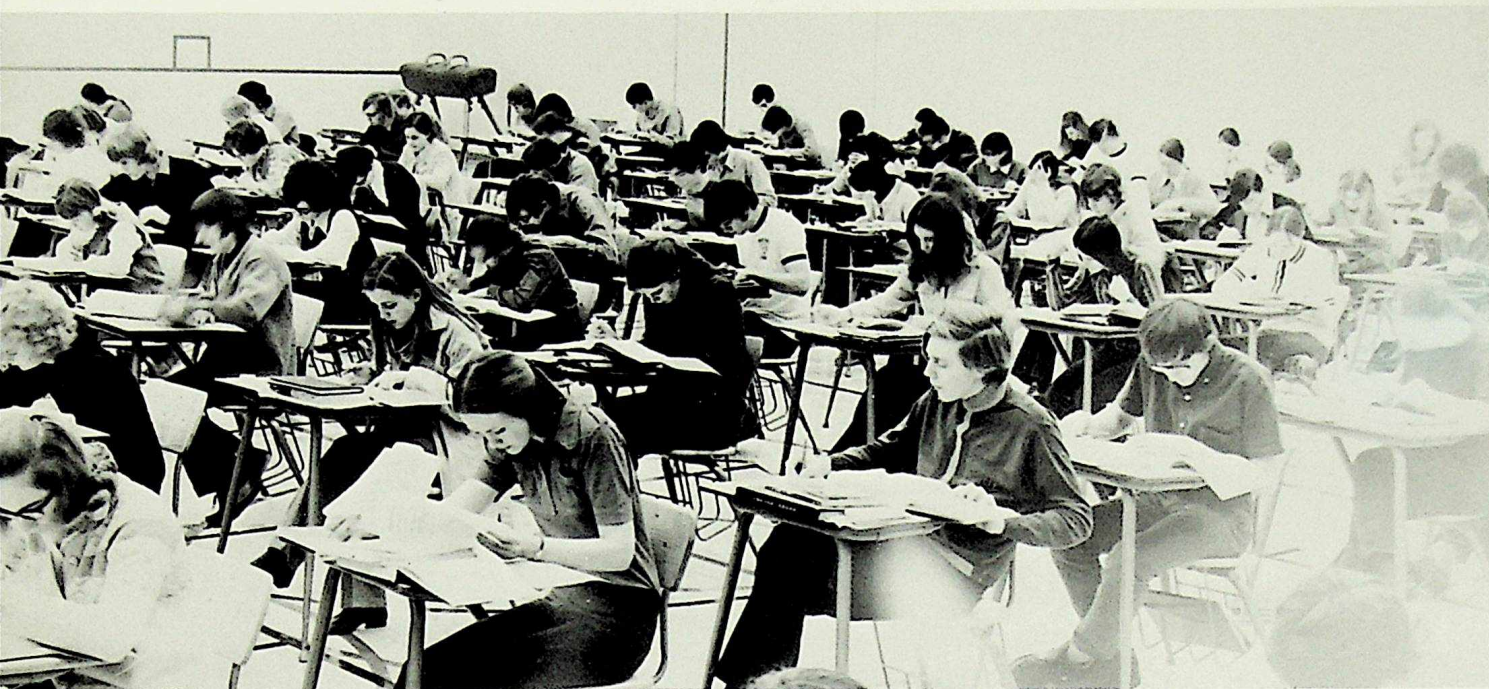

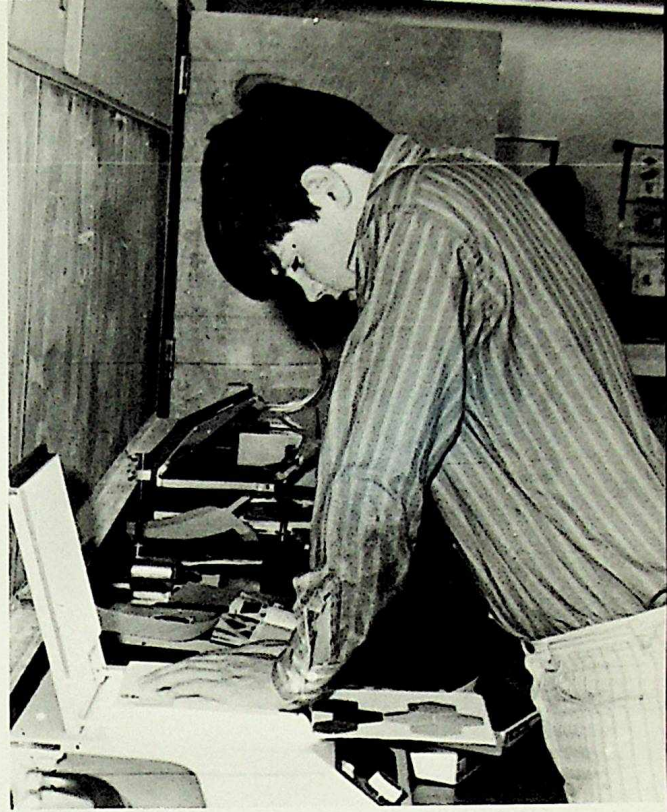

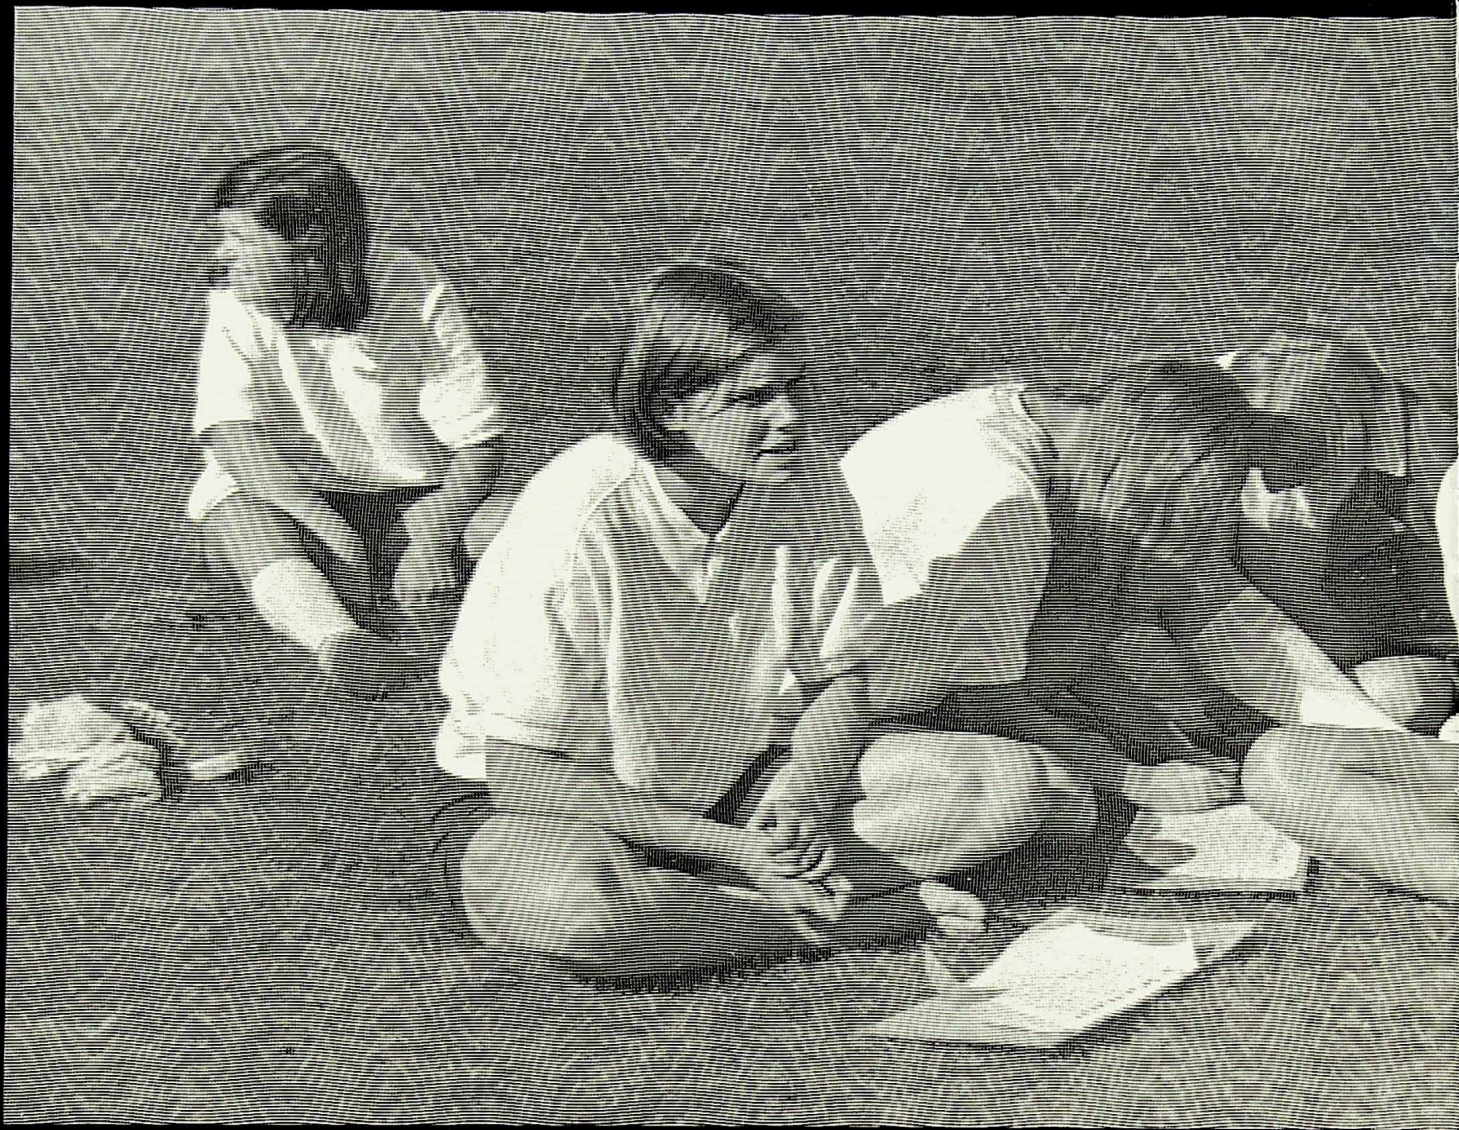

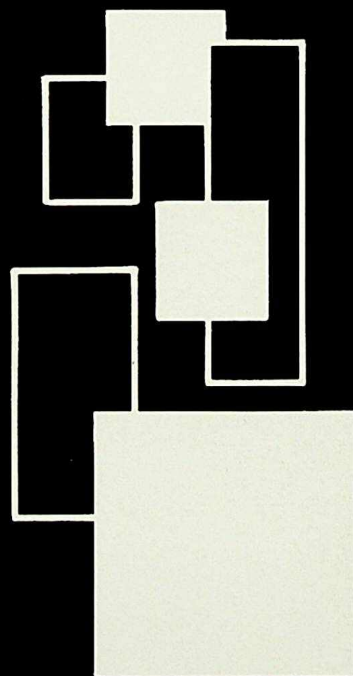

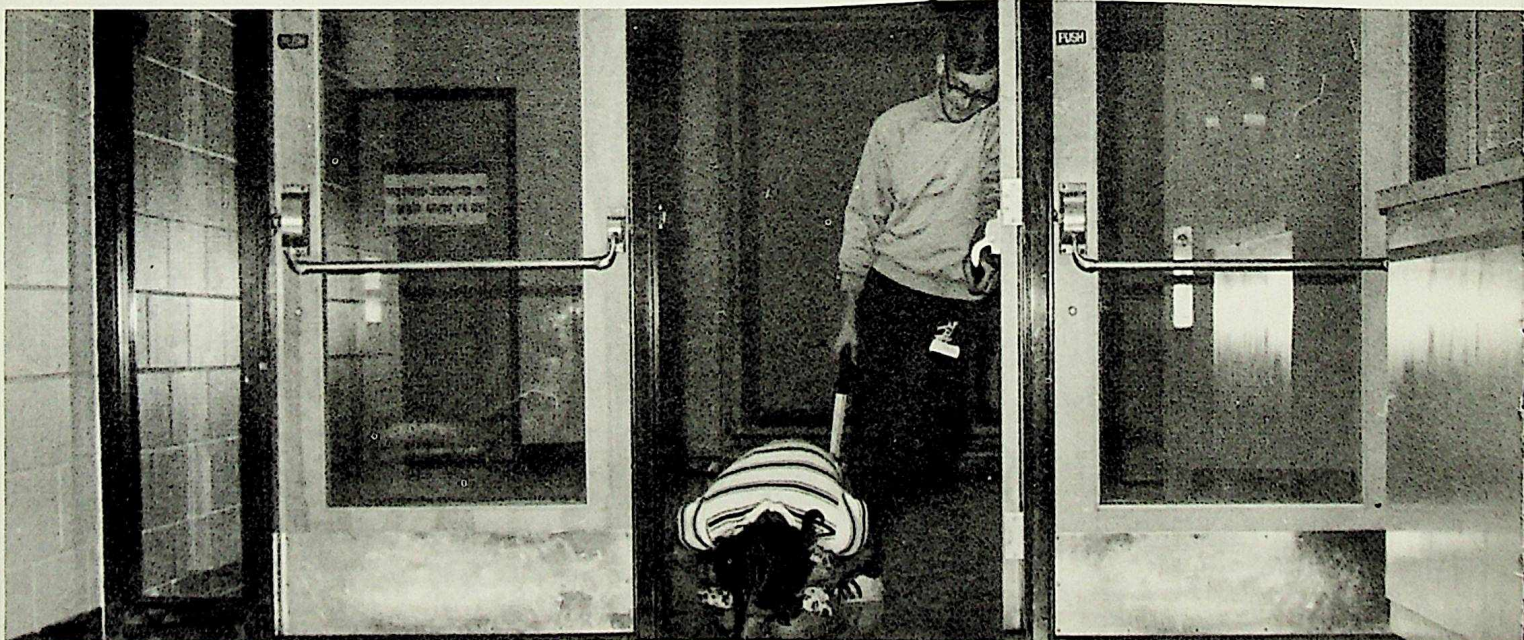

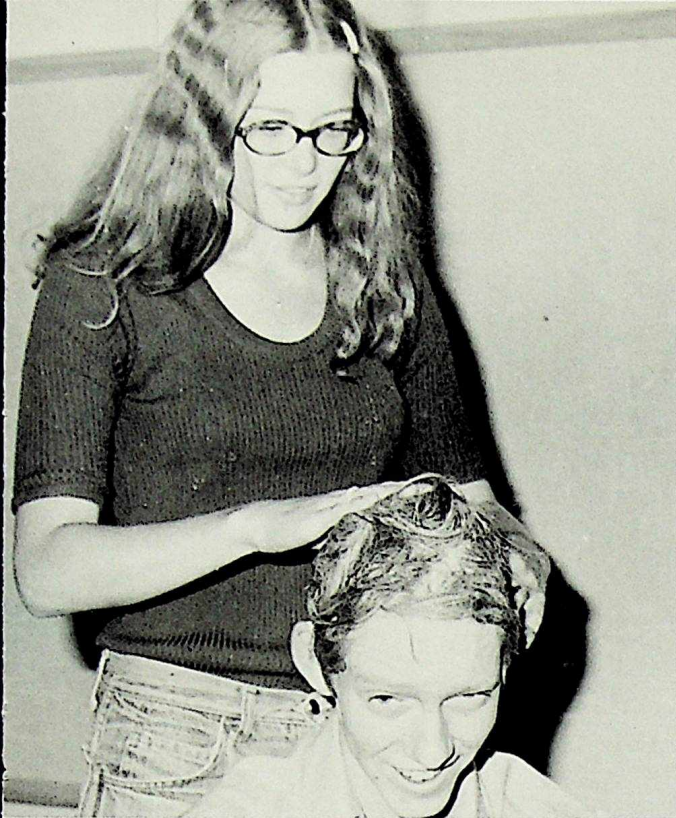

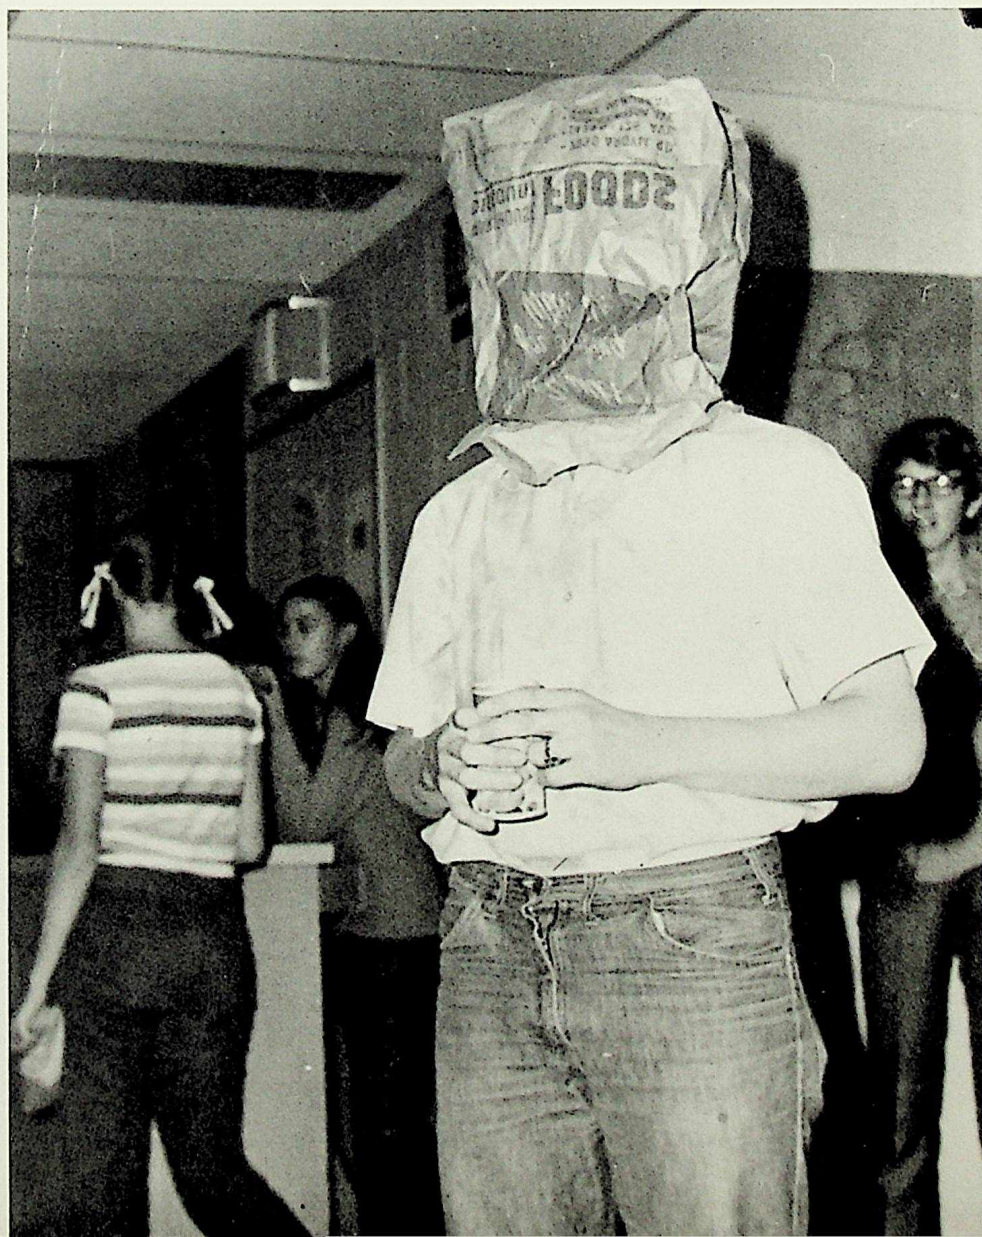

ACTIVITIES

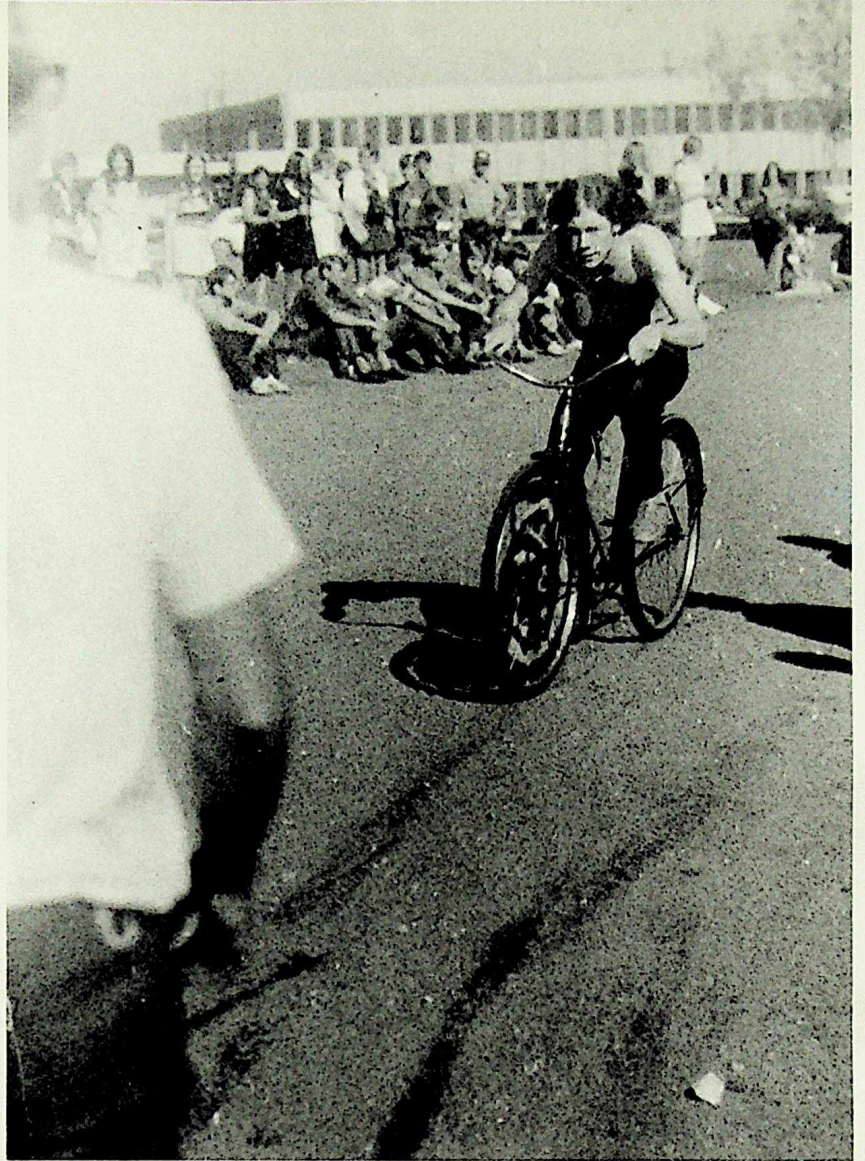

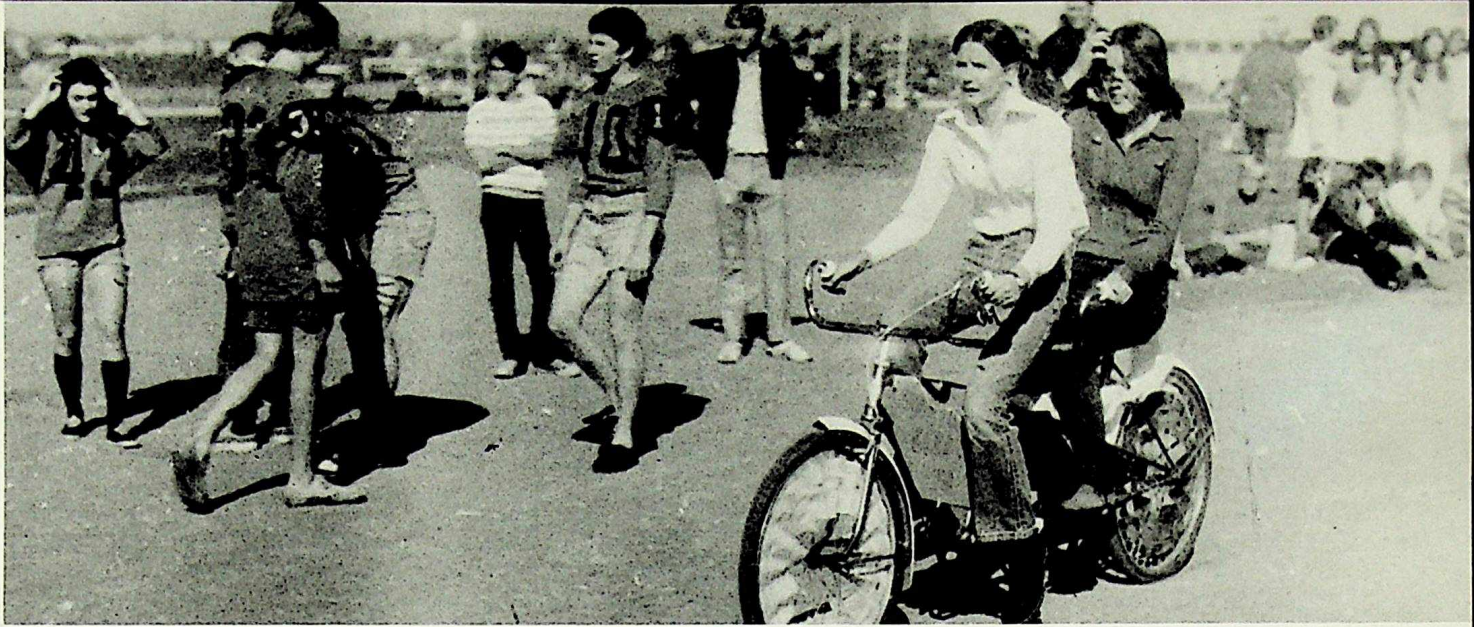

Every year starts off with the
over indulgent welcoming
of the Frosh . . .

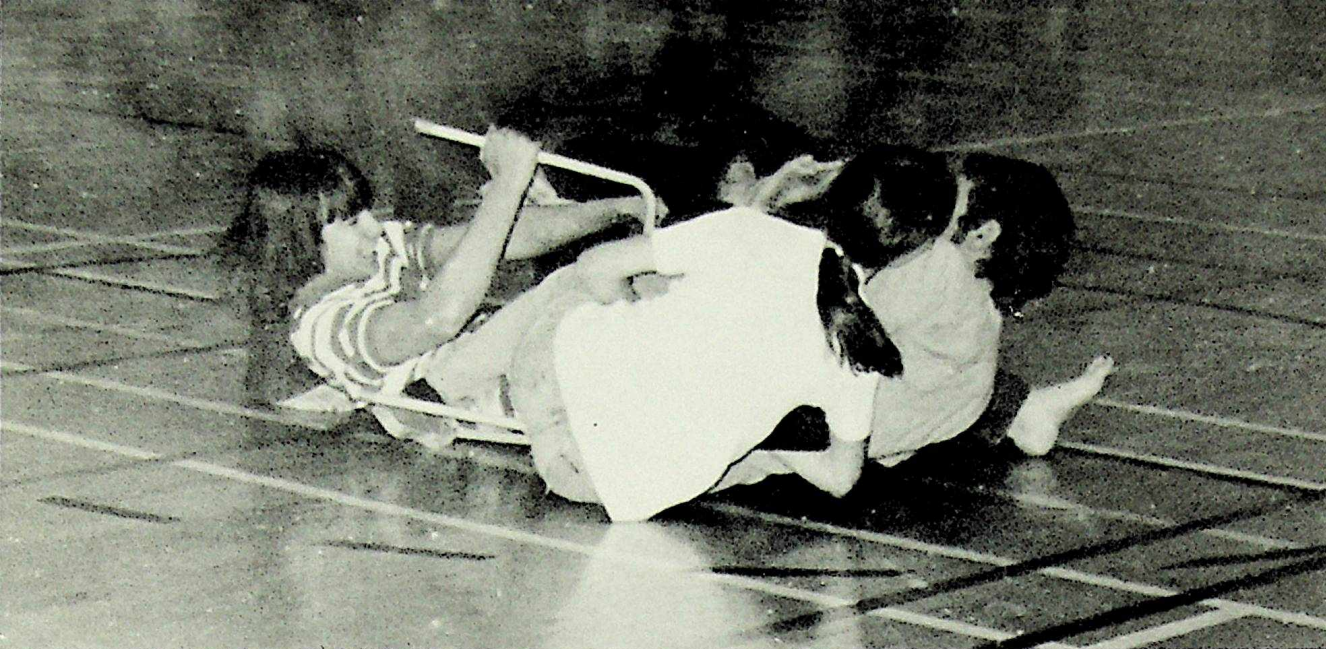

And the race is on

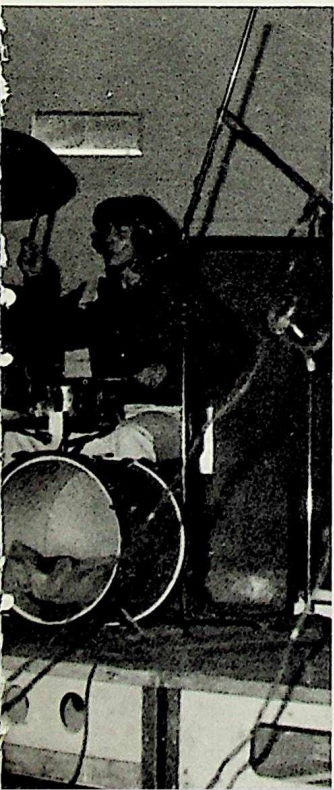

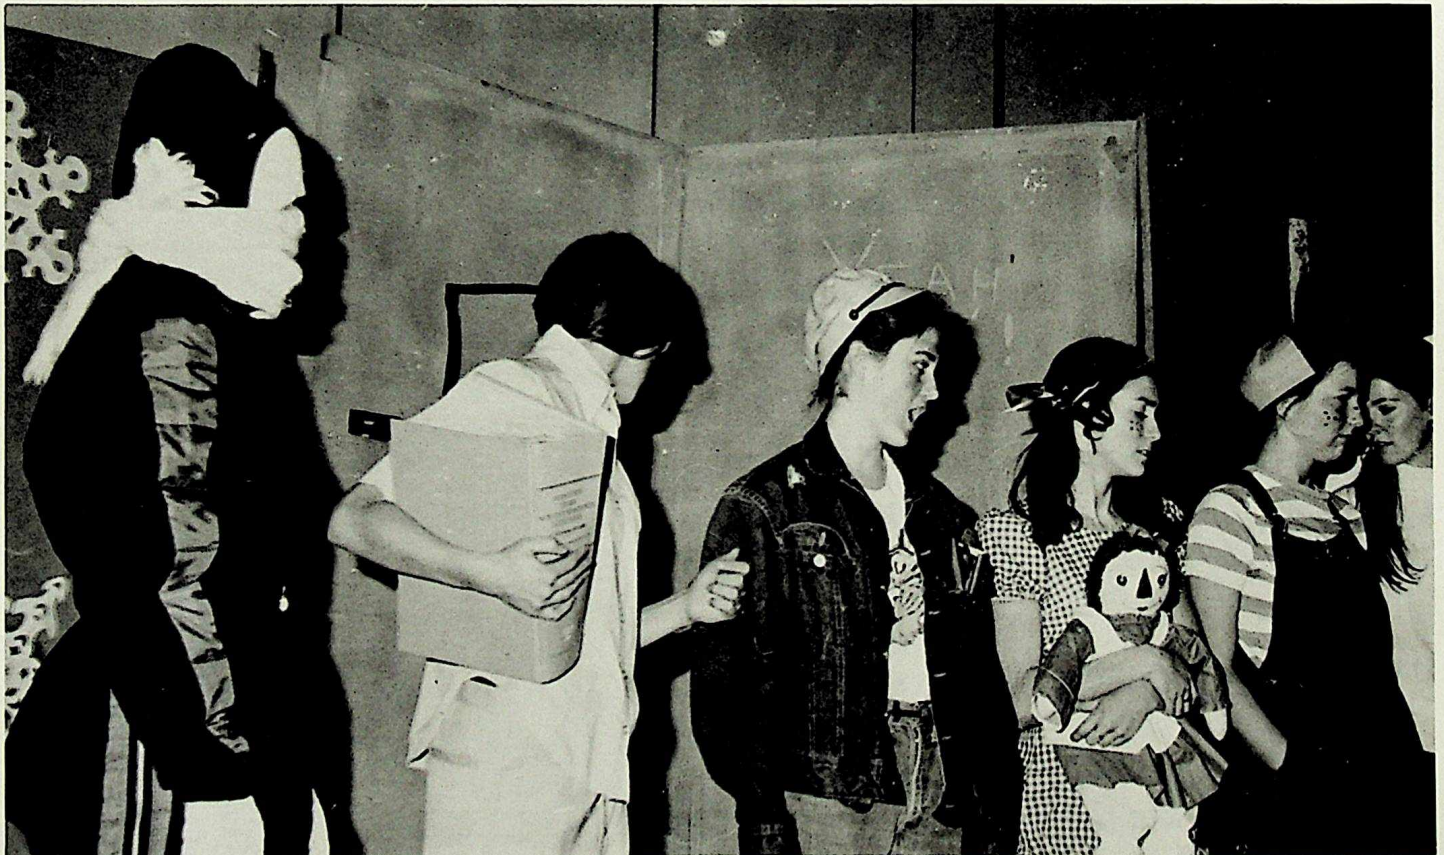

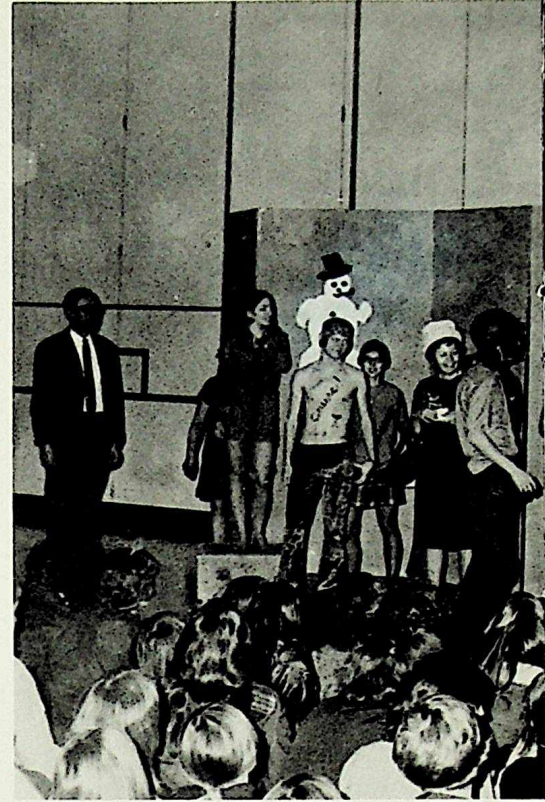

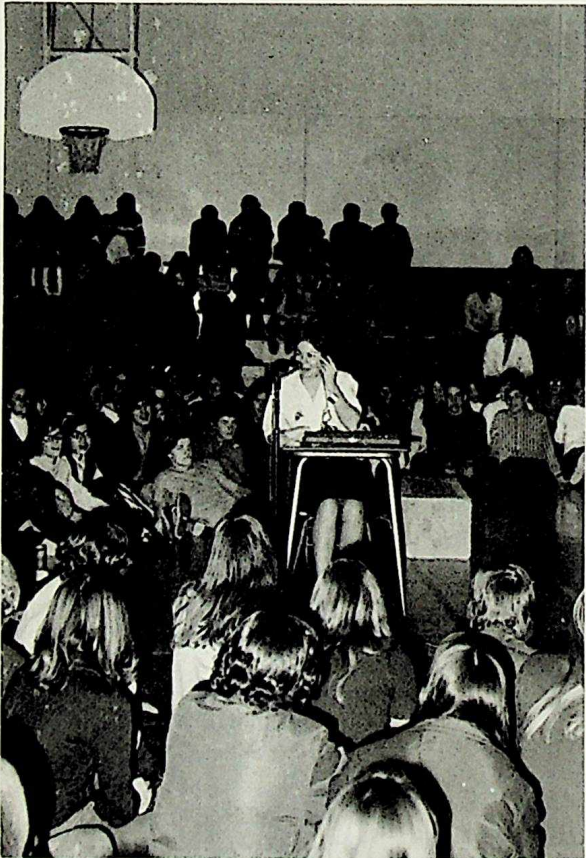

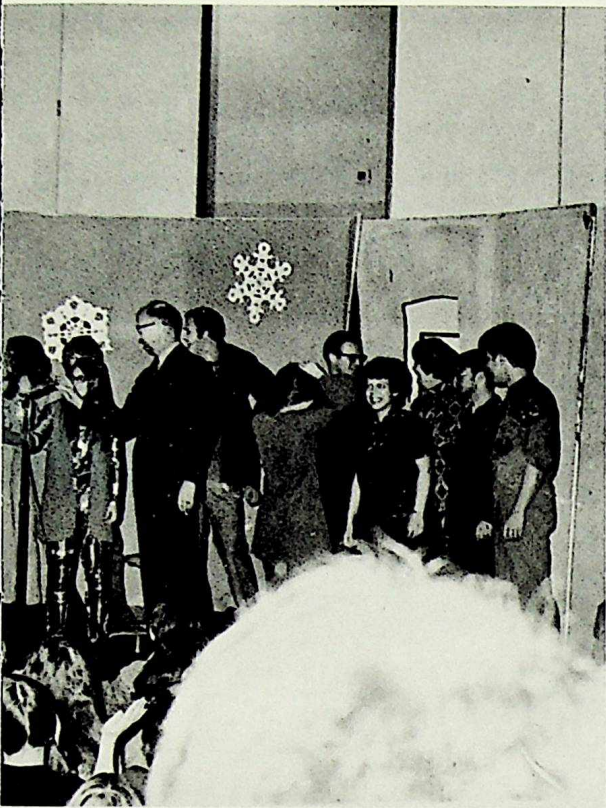

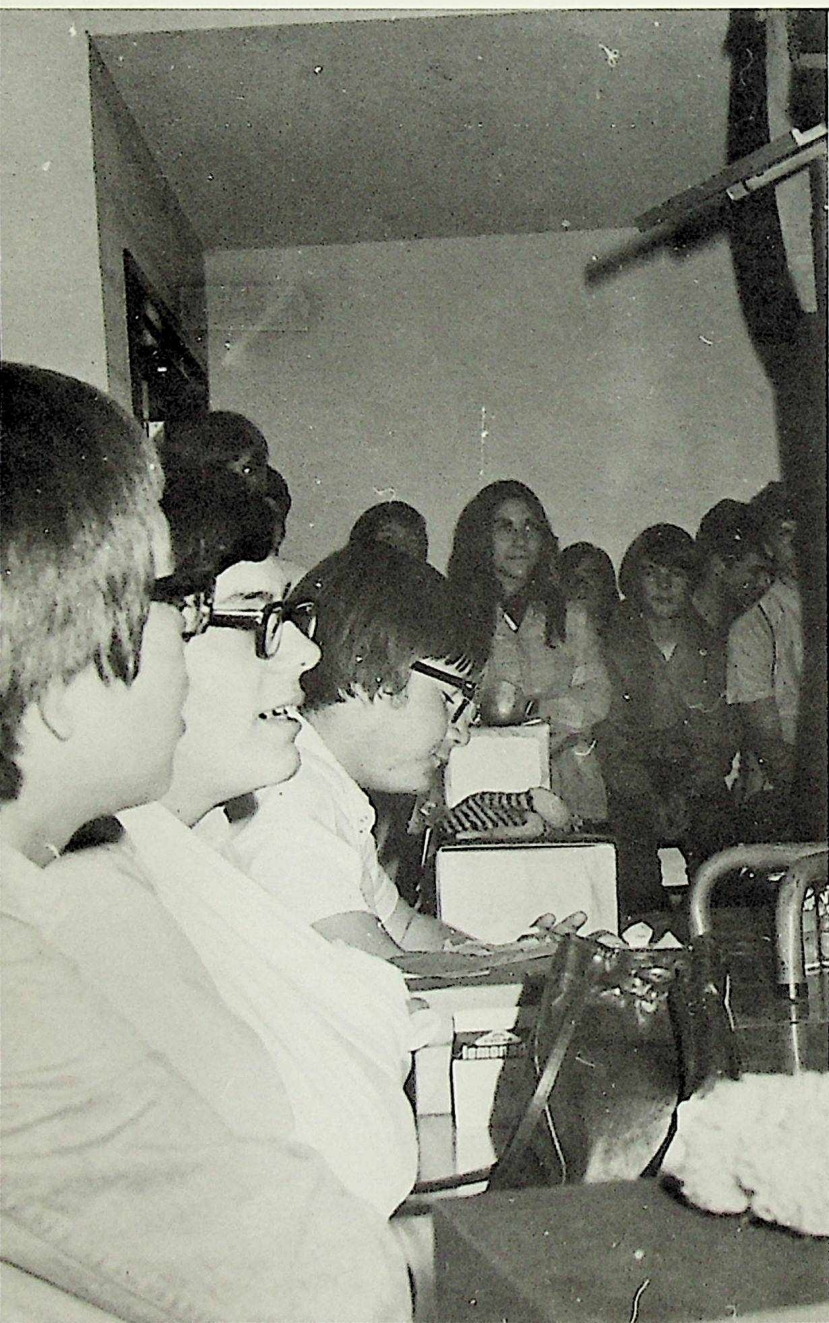

With all the hustle and bustle in the halls,
and the brain beating in the classroom . . .
McNallyites can still take time out for
some entertainment.

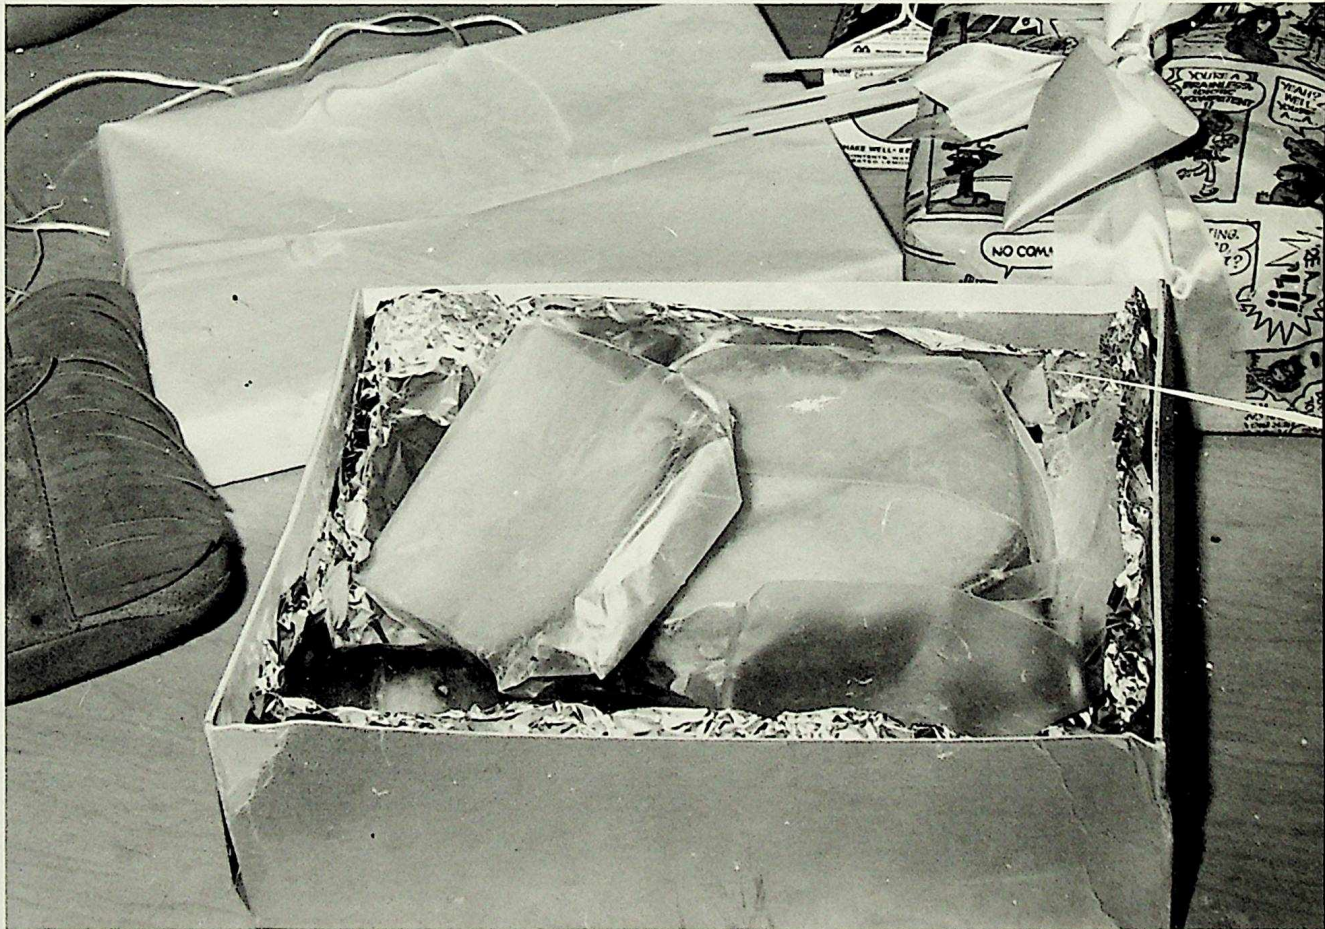

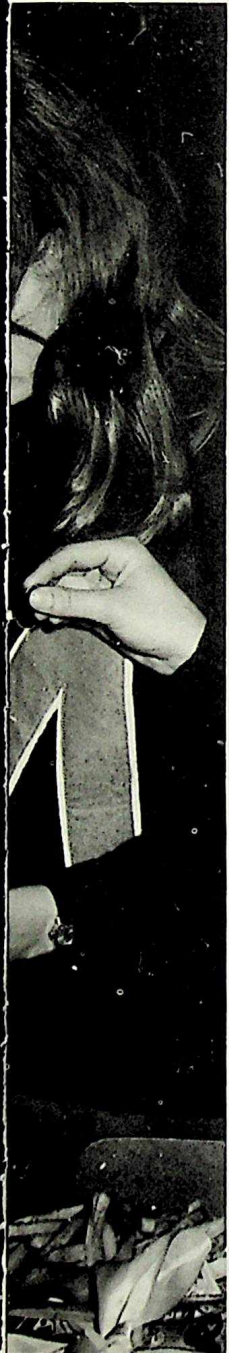

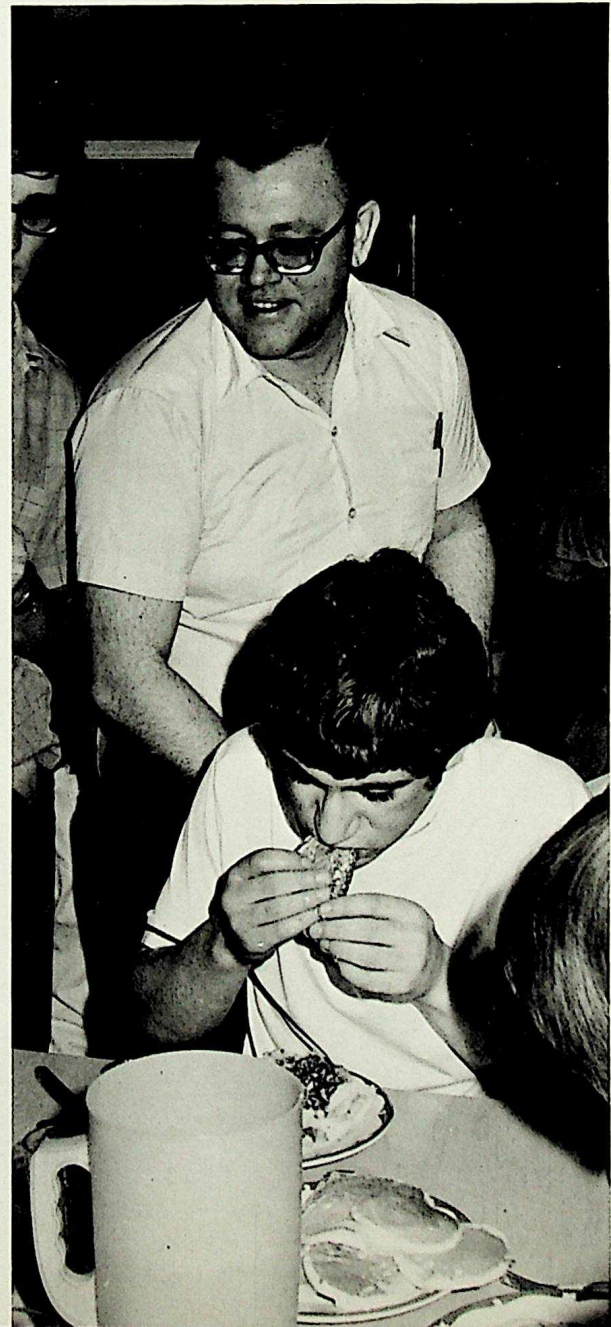

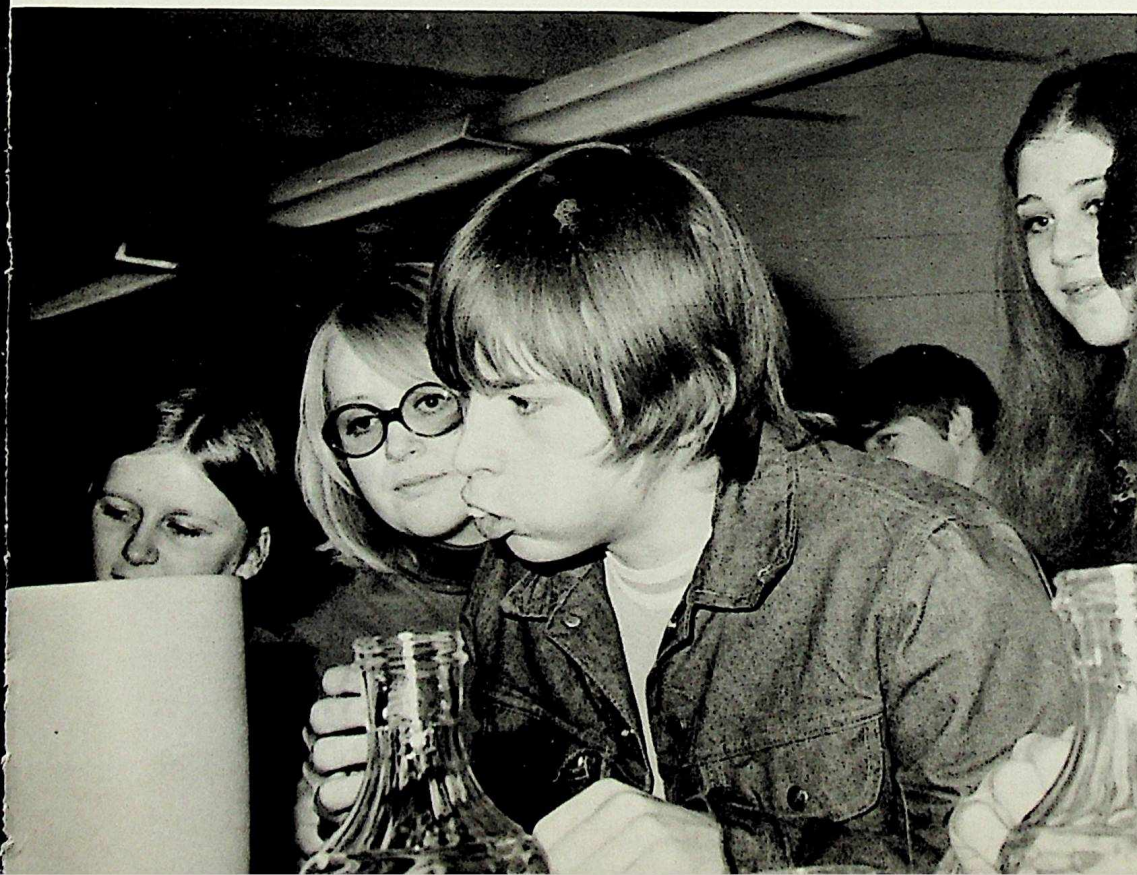

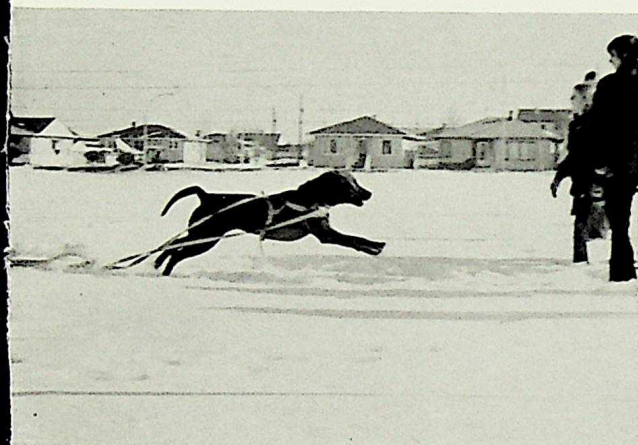

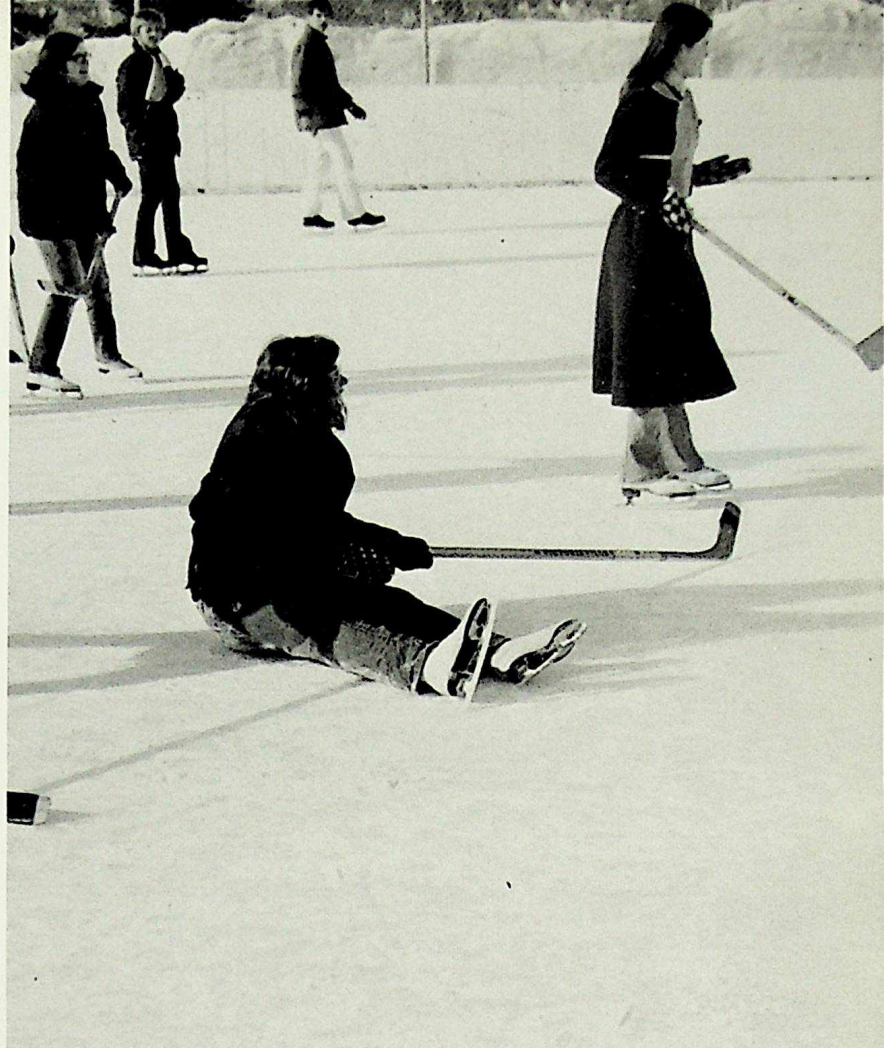

A black and white photograph of two students sitting at a table. The student on the left is wearing a white jersey with the number 24 and is looking down at a box on the table. The student on the right is wearing a dark shirt with a large 'M' and is holding a cup to their mouth. A banner above them reads 'THURS. 24' and 'I H D N E'.

... in came the boys to the cafeteria and there stood the cheerleaders making last minute arrangements ... The bidding was low at first, but then the excitement grew and the men of the school were giving their last pennies to the anxious cheerleaders for their lunches. ... Finally, all gathering around a big table, they sat and ate their sumptuous meals ... was all that screaming and yelling worth it? ... Only the boys could answer that question ...

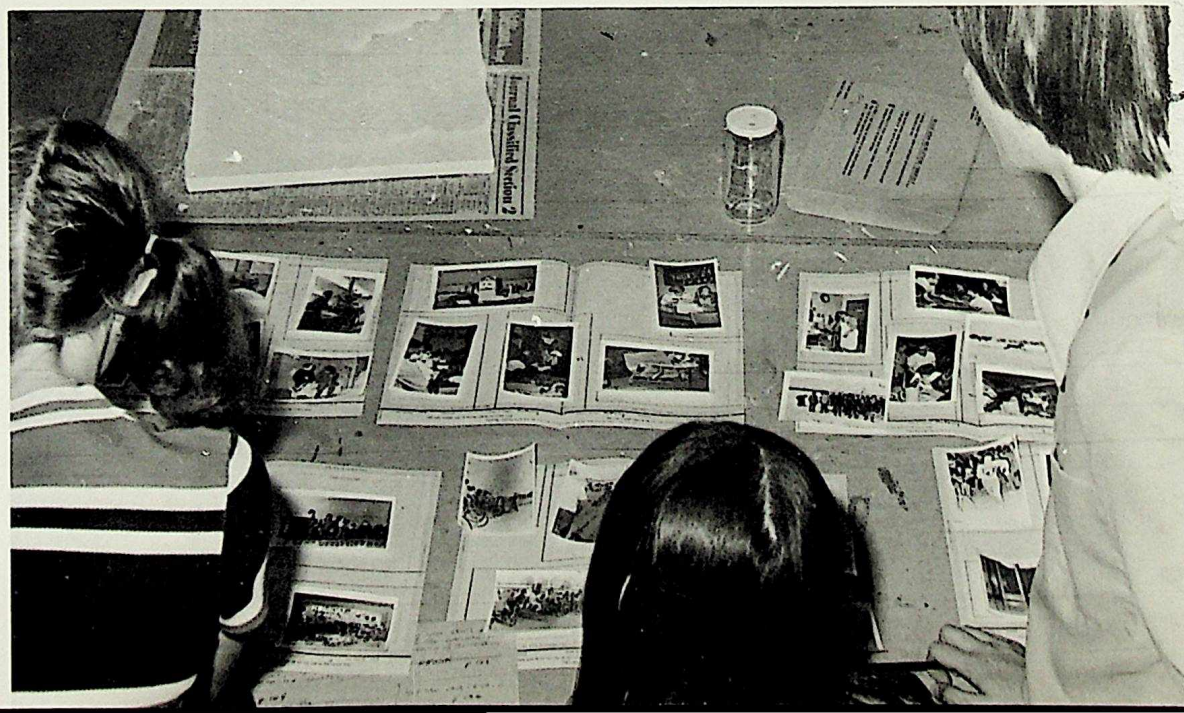

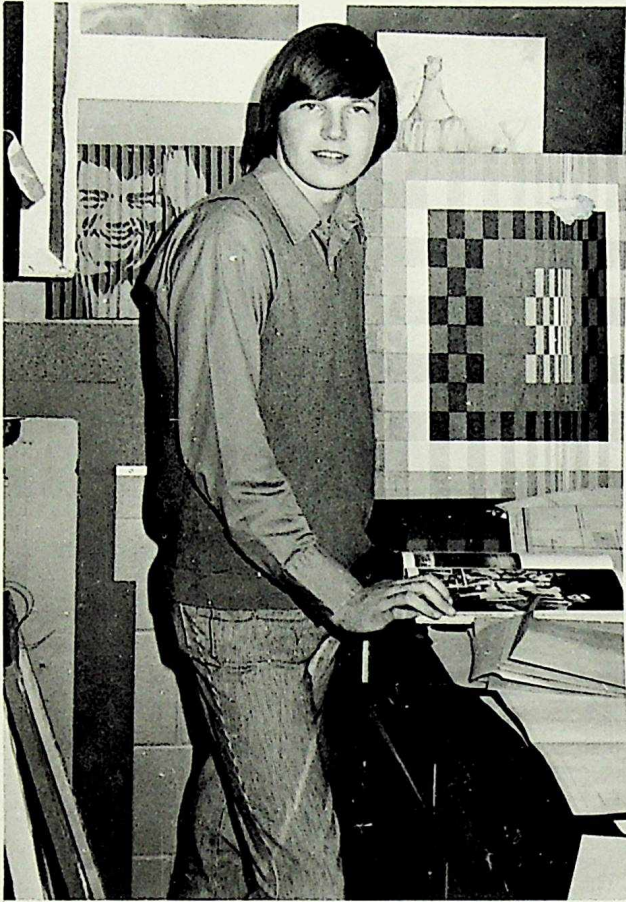

The mid-winter extravaganza comes in February . . . Muki Luki Daze we call it . . . There's 15 legged races, water boiling, fire building, girls' hockey, snow shoe racing, sled dogging . . . and of course the pancake-eating contest. This year's winner was Harry Katsatonis.

The publication of a book of this kind is not effected without endless and tedious hours of picture taking, developing, sorting and classifying . . . resorting, selecting, arranging . . . reselecting, drawing, correcting . . . rearranging and compiling . . . and putting on the finishing touches.

In spite of it all . . . we enjoyed making the Trend 71 and hope you enjoy it too.

Clockwise from top: Brian Christiansen, durable workhorse without whom the publication of this annual would not have been achieved; Alan Thompson, our dependable photographer; Joan Buchan; Sue Byers.

STUDENTS' UNION

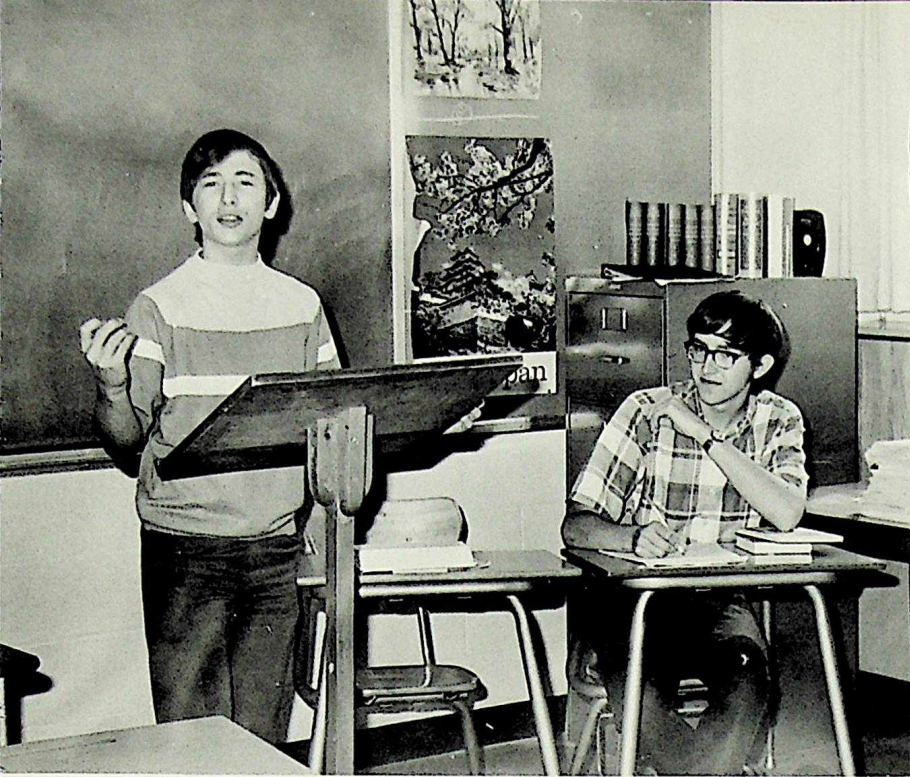

Don Morris President

One of the best councils in McNally's history . . . they served us capably and faithfully; and achieved much in terms of improving communication between council and students and students and faculty.

. . . and so comes the
end of another day . . .
another year . . . another
increment in the human
experience.

. . . the alma mater
remains — stolid and
impressive — the
individuals come and go
. . . changed somewhat
imperceptibly . . .

. . . tomorrow the drama
unfolds again and each
individual pits his energies
and skills against the
system, the competition,
the future . . . himself.

the culmination . . . the end . . . the final — the
which was once anticipated brings with it a certain
amount of hesitancy and reluctance . . . an uncertainty
about the future and a nostalgia for the past.

untraveller world, the unforeseen, the future . . .
